COAL TRUST IS ON THE CARPET

Hearst Suit Against the Coal Roads Before Commerce Commission

TEN ROADS DEFENDANTS

Lawyers for Roads Promise to Produce Books and Papers Called For.

New York, April 21.—The interstate commerce commission sat in this city today to consider the complaint of William R. Hearst that certain coal-carrying railroads are violating the inter-state commerce law.

The defendant roads are the Philadelphia and Reading, the Lehigh Valley, the Central of New Jersey, the New York, Susquehanna and Western, the Erie, the Ontario and Western, the Delaware and Hudson, the Pennsylvania and the Baltimore and Ohio. The specific complaints of Mr. Hearst are that the railroads charge unreasonable rates; that they unjustly discriminate in favor of the bituminous against the anthracite coal companies, and that they have contrived, in violation of the anti-pooling section of the inter-state commerce law, to discriminate against the independent coal mining companies in favor of the companies controlled by the railroads. The commission is also to conseder, while here, the old case of the complaint of the Texas cattle Raisers' association and the Chicago Live Stock association against the Chicago local transfer tax which called for the payment of $2 per car for cattle transferred from the termini of the western railroads in Chicago to the Union Stock yards. At the first hearing on that subject the commissioners ordered a reduction of the tax from $2 to $1 per car. That ruling was submitted to the United States supreme court, which sent the whole case back to the inter-state commerce commission for more evidence.

The Delaware and Hudson, Erie, Delaware, Lackawanna and Western, Lehigh Valley, Philadelphia and Reading, Jersey Central and Ontario and Western companies entered appearances. No answers were received when the commission asked who represented the Pennsylvania and Baltimore and Ohio railroad companies.

Counsel for the complainant opened the proceedings by reading a long list of the witnesses he had subpoenaed and expects to examine. Most of them are officials of the different railroads and they are called upon to produce certain contracts between their roads and the different coal companies. The lawyers present replied for a majority of those called that they were within telephone call and would attend whenever wanted. They also promised to produce any books or papers called for.

The morning session was occupied by a summary of the complaint by counsel for the complainant and the presentation of an exhibit showing the tariff on bituminous and anthracite coal and pig iron.

AMATEUR BASE BALL.

The North Side Eagles have organized for the season and are ready to meet any team in the city under 14 years. Address challenges to Harry McMaken, 1427 Calhoun street. The line-up is as follows: Harold Smith, 2b; Francis O'Mears, rf; Arthur Allgier, Harry Roenor, rf; Harry McMaken, 1b; Walter Warner, 3b; Albert Ohneck, lf; Walter Princess, Ray McMaken, c; Vernon Worten, p.

The Eagles will play the All Stars Saturday morning, April 25, and the batteries will be: All Stars, R. Baade and H. Sloar; Eagles, Harry McMaken, Vernon Worton, Ray McMaken and Albert Ohneck.

SMOKER IS POSTPONED.

The smoker that was to have been given this evening by the East Car Shops Athletic club at the club rooms on East Lewis street, has been postponed on account of the death of James Didier, a member, who received fatal injuries in a fall at the club rooms yesterday afternoon. The smoker will be given according to the arrangements made for tonight on next Tuesday evening.

MANY WENT TO DECATUR.

Many members of the Rome City club left over the Grand Rapids and Indiana railroad at noon today for Decatur, where they are to be entertained this afternoon and evening by Miss Studebaker. The company will return to the city tonight.

PECULIAR PETITION IS FILED IN COURT

George Ryan Stated to be Unfit for Affairs and His Health is Failing.

Among other things filed in the circuit court was a statement by William Kaough, executor of the estate of Margaret Ryan and trustee for her sole heir, George Ryan. The statement is in effect that the trustee is expected to control the property of the heir and at any time when his judgment suggests that he is fit to manage his own estate, he shall then surrender it to him. The trustee states that his ward, although long since having attained his majority, is not disposed to devote himself to business pursuits and has a disinclination to work of any kind; that he is of bad habits and by reason of them has impaired his health; that the advice of responsible physicians is that he is suffering from tuberculosis and that serious illness can be averted only by a change of climate; that it has been recommended that the said ward be sent to Mt. Clemens or Hot Springs for treatment, and that he then be sent to Arizona or some other locality of high altitude for future residence. The petition then states that the ward is not a fit person to be entrusted with the funds required for such treatment as is suggested and the petitioner asks that the court consider the matters set out and direct the trustee and authorize him to pursue such a course as had been outlined and to be authorized to expend such sums and in such manner as his judgment suggests to carry out the direct and implied wishes of the deceased mother of the ward.

GENERAL COURT NOTES.

Neither of the courts disposed of any business today of more than the commonest moment. In the superior court several appearances were entered and some motions were filed. Part of the jury reported and was ordered to report again on Thursday.

In the circuit court a number of citations were filed and the jury is calandered to report on Thursday, when the case of Justin Adams, indicted for rape, will be tried.

J. J. Nichter has been appointed administrator of the estate of John Schultz.

Wilkes Gillett, deputy county recorder, is not improving materially under treatment for rheumatism at Mt. Clemens and will shortly return home.

PACKERS DO NOT ANSWER.

Chicago, April 21.—No answer to the bill of the government had been filed by the packers at a late hour today in the beef trust case. This is the last day within which an answer to the ruling of Judge Grosscup can be entered. Attorney J. S. Miller, for the packers, said he had until 5 o'clock to reply and did not care to announce in advance what he intended to do. It is not believed likely that the packers will apply for a further extension of time to answer and if they decide to appeal from the order overruling their demurrer they will have sixty days in which to do so.

CITY BREVITIES.

Miss Kathryn Richman, who has been connected with the offices of the Foster Furniture company here, will leave Thursday for Lafayette, where she is to become bookkeeper at the Lafayette store of the Foster company. Until recently Miss Richman was employed at the state school.

Mrs. Mary Ann Ferguson, of Sheldon, who underwent an operation at St. Joseph hospital a few weeks ago, has returned home. A tumor weighing forty-two pounds was removed from her abdomen. The operation was performed by Dr. Maurice Rosenthal.

Dr. A. E. Bulson, one of the occupants of Dr. Maurice Rosenthal's motor car, which was run into by a Belt line car at Broadway and Washington street Saturday night, is still confined to his home as a result of his injuries. Dr. Bulson's left knee was badly wrenched and it was necessary to put it in a plaster cast.

Loraine Boerger entertained a company of his young school friends at his home, 631 East Wayne street, Monday at progressive caroms in honor of his thirteenth birthday anniversary. The young lads enjoyed themselves hugely. In the carom contest Albert Leffler won first prize and Don Lichtenwalter the consolation award.

A crowd of young people surprised Miss Gertrude Merz one evening recently in honor of her birthday anniversary, presenting her with a handsome monogram ring. The evening was pleasantly spent with games and music and a flashlight picture of the crowd was taken. Supper was served afterward, the Misses Edith and Grace Bercot assisting.

ARMOUR CROWD TRIES TO UNLOAD

Attempt to Dump May Wheat is Followed by a Decline of the Option

DROPS 3 1-2 CENTS IN HOUR

Rally Follows Quickly, But Armour Was Prevented From Unloading.

Chicago, April 21.—An attempt on the part of the Armour interests to unload May Wheat today resulted in a decline of 3½ cents within less than an hour. At the first intimation that the leading long was endeavoring to dispose of some of his surplus stock selling orders came into the pit from all quarters. The price dropped so suddenly that many brokers were unable to execute stop-loss orders until the price had declined 1 and 2 cents below the point at which they had orders to sell. The opening on May was a shade to ¼@⅜c higher, at 78½@78¾c, and prices gradually advanced until 79c was reached, there being a good commission house demand. About noon the leader of the bull movement started to sell and the price broke precipitately, dropping to 75½c within a short space of time. The recovery was equally rapid, however, the price advancing from 75½ to 77c in about two minutes and the market steadied around 77⅞c. July declined 1⅝c, selling off to 71½c, but rallied again to 72c. The sudden drop prevented the Armour brokers from selling any considerable quantity.

VIOLATIONS CHARGED.

Two affidavits were filed in Tancey's court charging Valentine Hartman, a Wallace street saloon keeper, with violations of the Nicholson law. The cases were set for hearing this afternoon.

Justice Skelton was this afternoon engaged in hearing the evidence in the case of the state against William Gilther, charged with profanity by Mary Jane Whalen, and another affidavit for surety of the peace is pending. Gilther is a young fellow, one of a Bowserville gang that has been making life unpleasant in the neighborhood of Creighton avenue and Lillie streets.

MR. M'KIM IS READY.

Superintendent McKim, of the Pennsylvania, has indicated to the board of works that it would be agreeable to him to take up the Toledo street franchise matter with the board and Mr. Bass at the regular meeting on Thursday evening. Mr. Bass has not yet been seen, but the probabilities are that the two men representing the two principal private interests will attend the meeting and be privileged to submit their respective views.

YOUTSEY TELLS MORE OF THE MURDER PLOT

Says He Consulted Senator Deboe, Who Was Opposed to Killing Goebel.

Frankfort, Ky., April 21.—Henry Youtsey was recalled for further cross examination in the trial of James Howard today. Responding to questions as to negotiations with Dr. Johnson to kill Goebel, Youtsey said he went to see Senator Deboe and told him Johnson and others were willing to do it. Senator Deboe, according to witness, replied that enough democrats were going to vote with Taylor to retain him in office and it would not be necessary to kill Goebel. Deboe said it must not be done. Witness went back and told Johnson what Deboe said. Johnson told him not to pay any attention to Deboe, but to go and see what Governor Taylor said about it. He went to see Taylor and told him what Johnson said and Taylor raised no objection to the plan of shooting from the secretary of state's office.

D. L. Walker and other witnesses testified against the veracity of witness Stubblefield, of the prosecution.

Wharton Golden was recalled and examined on the point as to Caleb Powers locking the door to his private office. Golden says Powers locked it. Youtsey had testified that he found it unlocked.

Clark Byer, of F. M. Smith & Co., left today on a business trip to Chicago.

SPECIAL MEETING OF COUNCIL IS CALLED

Mayor Summons Body to Take Action on Death of Late Mayor Oakley.

Mayor Berghoff this morning issued a call for a special meeting of the city council to take appropriate official action concerning the death of the late Col. C. B. Oakley, former member of the council and later mayor of the city. The council will probably attend the funeral in a body.

MAY REPAIR ONE BUILDING.

The board of works yesterday afternoon took official final action in the condemnation proceedings against the Stapleford buildings on Lafayette street. Mr. Stapleford was given permission to repair one of the buildings and was ordered to demolish the others, being given time until June 1 to comply with the order.

Other business of the board was the vacation of the alley from Berry to Wayne streets, between Harrison and Webster, and for the construction of a number of lateral sewers in the Sixth ward to connect with the South Wayne sewer as previously indicated. An alley near the organ factory running from Organ avenue south, west of Fairfield avenue, was also ordered vacated as soon as the plans are drawn.

Tonight the committee on rules, regulations and ordinances will meet with the attorneys of the railroad and the city attorney to pass upon the ordinance requiring the Nickel Plate to maintain watchmen at certain crossings during specified hours.

Health Commissioner Macbeth is gorgeous with decorations, being labeled with a brand new badge of shield shape and bearing the seal of the city and the words "Health Commissioner." The inspectors are provided with similar insignia finished in gilt, while the sanitary policemen have discarded their old stars and have a badge in shield shape, similar to their superiors but finished in silver.

A dozen permits have been issued to repair and remodel buildings at figures ranging from $100 to $300. No permits for new structures were issued today.

MINE STOCKHOLDERS HERE TO SEE TESTS

Large Party of Visitors Witness Operation of Famous Hicks Process.

Under the auspices of the New Mexico Gold Ore Treating company, at the Bass works today is being given an exemplification of the famous Hicks process of extracting gold and other precious metals from the ores and a large number of out-of-town capitalists are present to witness the tests.

Immense mining interests in New Mexico, Arizona, Colorado, Mexico, and other western points are represented in the company of stockholders in attendance today, noting with intense interest every step in the process which is becoming famous all over the world and securing recognition from mining representatives everywhere. Among those present are:

Major John H. Terhune, Anderson, Ind.; Lazard Kohn, Hamilton, Ohio; D. Smith, Wheeling, Ind.; Prof. J. W. Hamilton, Eaton, Ind.; F. W. Bainbridge, Toledo; G. G. Metzker, Toledo; J. W. Thomson, Toledo; A. B. Lee, Wooster, Ohio; W. D. McClure, Wooster, Ohio; J. E. O'Hale, Wooster, Ohio; J. C. Ralphsnider, Fairmount, W. Va.; F. R. Adams, Indianapolis; John E. West, Bellefountaine, Ohio; Senator Lake F. Jones, Wooster, Ohio; Peter B. Moser, Dalton, Ohio; Elwood Hadley, Phoenix, Ari.; Dr. Casebeer, Auburn, Ind.; J. H. Bonnell, Arcola; Frank Buckhurst, Melbourne, Australia, and W. A. Mougey, Wooster, Ohio.

A number of Fort Wayne gentlemen are also watching the test, among them being J. H. Bass, William Geake, C. R. Lane, H. C. Rockhill, R. J. Fisher, O. P. Eversole, H. J. Horstman, W. H. Bensman.

STATE BOARD HERE.

Members of the board of state charities and corrections, including Judge S. B. Davis, of Terre Haute; Dr. Mary A. Spink and Mrs. McCoy, of Indianapolis, and W. P. Cooper, of this city, together with A. W. Butler, the secretary, are in the city today making their regular visit of inspection to the state school for feebleminded youth.

GERMAN MINISTER KEPT LOW DOWN

Failure of Credentials as Ambassador to Arrive a Source of Vexation

MANY OTHERS RANK HIM

Plans of St. Louis Germans to Honor Him May Have to be Curtailed.

Washington, April 21.—Considerable attention is being given in official and diplomatic circles to the embarrassing position which Germany is forced to occupy at Washington as a result of the delay in the arrival of the credentials of Baron Speck Von Sternburg, who, it has been announced, is eventually to succeed Herr Von Holleben as ambassador here. The German envoy's present rank is that of minister on a special mission and he is necessarily at the foot of the list of ministers and just preceding the charges d'affaires. While Baron Von Sternburg has ostensibly taken no notice of the embarrassing effects of his minor rank, friends of Germany in the United States are confessedly dissatisfied that the head of the imperial German embassy who came here on the departure of Ambassador Von Holleben should be ranked by all foreign representatives at Washington save Venezuela, Uruguay, China and the Dominican republic.

OBLIGED TO BE MODEST.

It had been the intention of officials of the St. Louis exhibition that Baron Von Sternburg should be among the especially honored guests at the dedicatory ceremonies in that city on April 30th, and German Americans there are preparing to make the welcome of the kaiser's representative a hearty one. Official etiquette will, however, prevent Baron Sternburg from taking a prominent part on that occasion. Unless his credentials as ambassador shall arrive in the meantime the German minister at St. Louis will be seated at all official entertainments between Chekib Bey, the Turkish minister, and Senor Pulido, the Venezuelan charge d'affaires, assuming that the precedent set by the Mexican ambassador at a recent dinner is followed. President Roosevelt, however, at all white house functions attended by the German minister and his wife last winter, recognized them as ambassador and ambassadoress to the painful discomfiture of many members of the diplomatic corps.

MARRIAGE LICENSES.

Albert Finney and Ida Hess.

Henry V. Edgar and Carrie Wenger.

Almond A. Edwards and Bessie E. Aldrich.

G. R. Richmond and Julia Albright.

SURVEYING WILL BEGIN TOMORROW

Locating New Traction Line to Bryan—Company is Soon to Incorporate.

Tomorrow morning Engineer F. E. Semon, of Philadelphia, with a force of ten assistants, will begin the work of surveying for the new interurban line projected to connect Fort Wayne with Hicksville, Bryan and other Ohio cities. Representatives of the company are today securing men and equipment to take up the work promptly.

R. S. Vivian, of Chicago, who is at the head of the project, was in the city Monday evening, and he says the outlook for the success of the enterprise is most hopeful. The company which is to own and operate the line will be incorporated during the present week with a capital stock of $100,000, subject to increase as occasion may require. It will be known as the Fort Wayne and Northeastern traction company. At least four of the incorporators will be residents of Allen county.

DON THEIR SUMMER HATS.

Fort Wayne mail carriers made their appearance this morning attired in new hats of the summer variety, and of a pattern widely varying from anything heretofore worn by the members of the force. If the snow will keep away, the carriers have fixed May 1 as the date for donning their shirt waist garb and discarding the heavy coats.

VANDERBILT WILL NOT DISCUSS THE RUMOR

He Declines to Give Further Attention to Story of Coming Marriage.

Paris, April 21.—At the Vanderbilt residence here those occupying confidential relations with William K. Vanderbilt declined today to further discuss the reports of his marriage. When Mr. Vanderbilt's note to the Associated Press yesterday evening, saying the report was untrue, was written he was aware of the reports printed in New York yesterday that he was to be married here tomorrow and his denial specifically contradicted these reports. Nothing further will be given out as to the reports or regarding the proceedings before the New York courts.

Edmond Kelly, counsel for the United States embassy, and Secretary Vignaud say they do not know anything regarding Mr. Vanderbilt's reported intentions, and it is understood Mrs. Rutherford denies being engaged to Mr. Vanderbilt.

NO ARRANGEMENTS MADE.

London, April 21.—Henry White, secretary of the United States embassy and brother-in-law of Mrs. Lewis M. Rutherford, who, it has been reported, is to marry William K. Vanderbilt, says no wedding is to take place at his house tomorrow, and, so far as he knows, Mrs. Rutherford is not even engaged to Mr. Vanderbilt. Mr. White has heard absolutely no mention of their wedding. Both of the parties to the alleged engagement are out of England and neither the United States embassy nor Mr. White's house has been placed at the disposal of any parties contemplating marriage, and no request for the use of either the embassy or Mr. White's residence for a marriage ceremony has been made.

COMPLAINS OF RAILROADS.

Washington, April 21.—Wm. Wrigley, jr. &Co., of Chicago, today filed with the interstate commerce commission complaint against the Cleveland, Cincinnati, Chicago and St. Louis railroad and numerous other lines, alleging that the complainants and all other shippers from and to the southern classification territory have been subjected to excessive and unreasonable rates for shipments in lots less than 100 pounds. The complaint is directed against an amendment of February 16 last, to the southern classification which bases the minimum charge on 100 pounds instead of fifty pounds.

STILL PROBING BRIBERY.

St. Louis, Mo., April 21.—The grand jury continues its investigation of alleged bribery of legislators today. Tonight the investigation will be dropped to allow Attorney Folk to resume prosecution of local boodle cases.

CITY BREVITIES.

G. W. Beers is at Muncie.

Mrs. J. T. Dougall is entertaining Miss Edith Halter, of Napoleon, O.

Senator S. B. Fleming returned today from a business trip to Lima, Ohio.

Mrs. V. E. Russell left today to spend a week with friends at Montpelier.

The Nos Temps club will meet Thursday afternoon with Mrs. N. S. Merrian, 1148 Division street.

Mrs. Frank Foote will entertain the members of the Wednesday Pedro club tomorrow afternoon.

T. Q. Waterhouse, of San Francisco, who has been the guest of Mr. and Mrs. Van B. Perrine, left last evening for Portland, Ore.

The Women's Christian Temperance union will meet in Plymouth Congregational church Wednesday afternoon at 2:30.

The meeting of the ladies of the south side section of the Wayne Street M. E. church has been postponed.

The Priscilla Needlework club, which was to have met this evening, has postponed its meeting for one week.

The Woman's Relief Corps will serve tea at the home of Mrs. Merillat, on Boone street, Wednesday afternoon from 4 to 6 o'clock.

Mr. and Mrs. T. F. Sturgeon, Mr. and Mrs. S. E. Blanchard and Mr. and Mrs. James Barnett have taken up their residence in the Coombs flats, on West Berry street.

Mesdames J. W. Thompson, M. J. Blitz, J. M. Henry and J. D. Gompper will entertain the South Side Aid society Friday evening at the home of Mrs. Thompson, corner of Wayne and Clinton streets.

FOUR LOSE LIFE IN FRISCO WRECK

Passenger Train Derailed at Everton, Mo., and Many Casualties Ensued

BROKEN RAIL THE CAUSE

Engineer, Fireman, and Two Postal Clerks Killed—Passengers Hurt.

Kansas City, Mo., April 21.—A passenger train on the Frisco system which left Kansas City at 11:30 last night for Memphis and Birmingham was partly wrecked near Everton, Mo., by a defective rail at 7 o'clock this morning. The engine, baggage and mail cars were ditched and badly damaged. The engineer, fireman and one postal clerk were killed, a mail clerk and one passenger were seriously hurt and perhaps a dozen passengers were slightly injured. The dead:

E. R. Mead, engineer, Fort Scott, Kas.

Bert Coffman, fireman, Fort Scott.

C. B. Campbell, postal clerk, Kansas City.

Clyde Wilkins, postal clerk, died of his injuries soon after wreck.

Seriously injured:

Louie Columbia, Kansas City, passenger.

BIG STEAMER IS SIGHTED

New York, April 21.—The new North German Lloyd steamship Kaiser Wilhelm II, from Bremen, Southampton and Cherbourg, was reported forty miles east of Nantucket lightship at 9:40 o'clock this morning.

The Kaiser Wilhelm II should reach Sandy Hook lightship about 7 o'clock this evening. Her time of passage will be about five days, twenty-three hours and will beat all maiden records from Cherbourg. It will not, however, equal the best time between Cherbourg and New York. The Kaiser Wilhelm II is the latest addition to the North German Lloyd company's fleet. She sailed from Bremen on April 14 and is commanded by Captain Hoegeman. The Kaiser Wilhelm II is the largest express steamer in the world.

BUYS NEW HAVEN HOTEL.

William Harris, who has been connected with the independent telephone companies in this city, has purchased from D. F. Berberich the New Haven hotel and assumed charge of the property today. Mr. Harris will at once remodel and improve the hotel and will make it an especially enjoyable place at which Fort Wayne people may stop. The New Haven telephone exchange is located in the building and Mr. Harris will also be in charge of this, as well as of the New Haven office of the National Telephone and Telegraph company.

BALDWIN HAS NOT EXPLAINED.

Washington, April 21.—Secretary Root has heard nothing from General Baldwin regarding the alleged interview a few days ago, in which the general spoke of colored troops and Filipino soldiers. Col. Mills, inspector general, was sent from Washington to Denver to make a complete investigation of the affair and with a view of having a case prepared by the war department, should it be determined to proceed further after the report from Gen. Baldwin is received. It is not expected that Col. Mills will make a report until he returns to Washington.

RECEIVE DEATH SENTENCE.

Pretoria, Transvaal, April 21.—Five private soldiers belonging to the Leinster regiment today were sentenced to death in the supreme court in connection with a riot which took place at the barracks March 28. When the military police attempted to arrest a number of drunken soldiers the latter, reinforced by some of their comrades, fired on the police. One of the latter, a member of the Leinster regiment, was killed and sixteen were injured.

COMMONS REASSEMBLES.

London, April 21.—The house of commons reassembled today with a small attendance. Premier Balfour said no arrangement had yet been completed for the co-operation of British financiers in the construction of the Bagdad railroad.

"I wrote to Dr. Pierce for his advice."

The lady, from whose letter we quote, got what she wrote for, and is a well woman to-day as a result of following Dr. Pierce's advice and using Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick women well. "Favorite Prescription" establishes regularity, dries weakening drains, heals inflammation and ulceration and cures female weakness.

Sick women, especially those suffering from diseases of long standing, are in-

vited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and sacredly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

"I can truthfully say that Dr. Pierce's Favorite Prescription is a wonderful medicine and deserves the praise given it," writes Mrs. Emma Spooner, of Lakeview, Montcalm Co., Mich., Box 268. "I was sick four months, and the medicine prescribed by the doctors did me no good. Finally I wrote to Dr. Pierce for his advice. He answered in a very kind letter instructing me what to do. I followed his advice and to-day am a well woman, thanks to Dr. Pierce."

Dr. Pierce's Pleasant Pellets should be used with "Favorite Prescription" whenever a laxative is required.

IN NORTHERN INDIANA.

Logansport Odd Fellows talk of erecting a handsome temple.

Elisha Christman, who has lived in Huntington county since 1839, is dead at Warren.

Thomas Harrison, a Hobart business man, dropped dead while upon his way to church Sunday.

William Roberts, a pioneer of Liberty township, Wells county, is dead at the age of 91 years.

Frank Brumbaugh, an Elkhart contractor, has filed a petition in bankruptcy. Liabilities, $116,999.98; assets, $40,055.25.

S. N. Betts, of Defiance, Ohio, 81 years of age, dropped dead Sunday while visiting his nephew, W. S. Schermerhorn, at Auburn.

Mayor Harrison, of Columbia City, held police court Sunday evening, fining Jacob Yontz, $1 and costs for public intoxication.

It is announced that the survey of the Springfield and Fort Wayne interurban line has been completed between Fort Wayne and Decatur.

"Bud" Taylor, who was hanged at Kansas City Friday for the murder of his sweetheart, played ball with the Place team of Decatur in 1899.

John Kuss died in the Laporte county asylum muttering: "I never did it." He expired without being able to make explanations. It is believed a crime haunted him.

Samuel Pence, of Bluffton, believes he has solved perpetual motion in a new pump which he has just invented. He was in Fort Wayne Monday to secure a model of his machine.

Claude Coolman, of Whitley county, who shot Frank H. Stallsmith Saturday night, has retained the law firm of Marshall, McNagny & Clugston to defend him. Coolman claims the shooting was in self-defense.

SUE ELKINS FOR $500,000.

Washington, April 21.—Senator Stephen B. Elkins, of West Virginia, is made defendant in a suit for $500,000 filed yesterday in the district supreme court by Robert Burton and George A. Dubrueil. The declaration alleges that Senator Elkins employed the plaintiffs in November, 1901, to procure for him certain information, plans, data and legal opinions concerning the Western Maryland railroad company for the purpose of aiding him to acquire a controlling interest in that company. He proposed to pay them provided he and his associates obtained a controlling interest.

The declaration avers that the plaintiffs accepted the employment on the conditions named and furnished the defendant information which assisted him in securing the controlling interest in the company. When they requested compensation for their services Senator Elkins, it is stated, neglected to pay them.

It is declared that after the Goulds had acquired the Western Maryland Messrs. Burton and Dubrueil demanded their share, but that Senator Elkins refused to pay, although he had made millions out of the deal.

DISCOVER CAUSE OF CANCER.

New York, April 21.—In a few days the results of the investigations carried on for many months by a number of well known bacteriologists and toxicologists regarding the cause of cancer and cancerous growths, will probably be fully revealed in a paper written by Dr. Bertram H. Buxton, the bacteriologist and general scientist. This paper will contain, according to a trustworthy source, the message that the cause of cancer has at last been discovered and that this truth has been proved to the satisfaction of a number of men who stand high in the science of medicine.

Briefly the investigations have revealed, according to statements made:

1. That cancer is due to the chemical changes in the blood.

2. That every part of tissue of a cancer has the power of producing fermentation.

3. That in their powers of causing fermentation the cancerous tissues are akin to the tissues of the stomach.

4. That by proving this theory the theory that cancer was due to a parasite was disproved.

CUBAN FRAUD IS EXPOSED.

Havana, April 21.—Transactions that are alleged to constitute frauds upon merchants in London, Paris and Frankfort to the extent of $500,000, were developed as a result of the arrest yesterday afternoon of Santos Vasquez, who conducted a merchandise brokerage business in Havana under the name of the Mutual Mercantile agency, of New York. Complaint was made by the German consul here, acting on behalf of merchants in Frankfort.

It is alleged that Vasquez had quantities of foreign goods shipped to Havana during the last six months, giving in payment ninety-day drafts on Fruhling Brothers, of London. This firm accepted the drafts, but refused payment when due, saying the Havana house had not sent any money. Mexican merchants also are reported to have been victimized.

Take Piso's Cure for Consumption. It will cure your cough. 25c. At all druggists.

ABOUT THAT COAT

You wear a coat. Why? To keep the cold out? No; to keep the warmth in. What of the body that has no warmth—the thin, poor body that lacks the healthy flesh and fat it needs?

For such we say that Scott's Emulsion provides the right kind of a coat. Why? Because Scott's Emulsion builds firm, solid flesh and supplies just enough fat to fill nature's requirements—no more. That means bodily warmth.

We'll send you a sample free upon request.
SCOTT & BOWNE, 409 Pearl Street, New York.

CITY BREVITIES.

Huntington Democrat: William Carson, of Fort Wayne, was the guest of George Oleson Sunday. They were comrades in the Philippines.

Judge J. H. Aiken, ex-County Clerk F. J. Belot, Attorney H. C. Underwood and Phil Dixon have returned from a fishing trip to Lake George.

Mildred Rollins, seven years old, was struck by a Sorg grocery delivery wagon at Wilt and Union streets yesterday and was slightly injured.

Decatur Democrat: The case against the Fleming company and city of Fort Wayne, which was set for trial today, was postponed on account of the illness of Judge Zollars.

Bluffton Banner: C. A. Doswell, superintendent of Elm Grove cemetery, who has been on the sick list for some time, is so far recovered as to be able to visit the city. He came to town this morning and called on friends. He is not able to work yet.

Columbia City Post: Lyman Fox, who was the manager of the S. J. Stewart furniture establishment, tendered his resignation, the same taking effect Saturday night. He expects to enjoy a three of four weeks rest, and may then accept a position in Fort Wayne.

The Morning Musical will hold a postponed meeting Friday morning. The program will be in charge of Mrs. Creighton and Mrs. Robbins.

Mrs. M. M. Jacobs, of Pittsburg, and Mrs. Klopfer, of Dayton, Ohio, have returned home after a visit with their father, Samuel Heilbroner.

CONVICTS TRY TO ESCAPE.

Columbus, Ohio, April 21.—A desperate, but unsuccessful attempt was made by John McGowan, a life prisoner, and Jesse Grant, a ten-year convict, both from Cleveland, to escape from the penitentiary yesterday afternoon. It was at first thought a general outbreak among the prisoners had been planned and a riot alarm was sent to police headquarters. A squad of patrolmen was hurried to the prison, but their services were not needed.

McGowan and Grant both had revolvers, which had been smuggled into the prison. Walking into a room in the steam shop, where they had secreted a ladder, they ordered the half dozen "trusties" to lie down. All but Charles Parnhouse, a five-year-man from Vinton county, complied, and he was knocked senseless with a hammer.

The two men then compelled one of the "trusties" to carry the ladder to the wall near by. As they were about to scale the wall guards appeared and a fusillade of shots was exchanged, but no bullets took effect. McGowan and Grant were finally overpowered and placed in solitary confinement. Grant once escaped from the prison at Joliet, Ill.

WOOD TO SEE THE KING.

Rome, April 20.—Brig. Gen. Leonard Wood, although hurrying through Rome on his way to Egypt, wished to have an audience with King Victor Emmanuel. His application was presented yesterday by Ambassador Meyer and was answered today, appointing an audience for tomorrow, which is considered as being a great act of courtesy shown by the king to the American army, as sometimes weeks elapse before an audience is granted.

TO CURE A COLD IN ONE DAY
Take Laxative Bromo Quinine Tablets. This signature [illegible] on box. 25c.

MADE MAXIMUM SCORE.

Frank Hill, captain of the Eureka bowling team, made a perfect score, 300 points, in the Eureka alleys yesterday. Mr. Hill is the third member of the team to bowl 300. The other members of the team are Frank Farnan and Frank Cook, and none of the young men are over twenty years of age. They have a standing challenge to any three-man team in the world for a friendly contest.

A LOVE LETTER.

Would not interest you if you're looking for a guaranteed Salve for Sores, Burns or Piles. Otto Dodd, of Ponder, Mo., writes: "I suffered with an ugly sore for a year, but a box of Bucklen's Arnica Salve cured me. It's the best Salve on earth. 25c at Dreier & Bro.'s drug store.

CITY BREVITIES.

Miss Louise Grennell is visiting in Peru.

Pain

From Inflammatory Rheumatism

Would Have Killed Our Son.

Dr. Miles' Anti-Pain Pills Saved Him.

"We began to use Dr. Miles' Nerve and Liver Pills six years ago. My wife had liver trouble and a neighbor gave her some of your liver pills to try, after which we bought a bottle of them and my wife used them until cured. Since then I have used them and I must say that I have never used any pills that gave me the satisfaction these have. We also use Dr. Miles' Anti-Pain Pills with greatest satisfaction. Three years ago our son Harry had inflammatory rheumatism. He had suffered so much that I believe if we had not given him Dr. Miles' Anti-Pain Pills which relieved him almost instantly he would have die . I am always glad of the opportunity for praising Dr. Miles' Remedies."—James Evertt, Alton, Ills.

"I was afflicted with neuralgia for years and never found any permanent relief till I began using Dr. Miles' Anti-Pain Pills. They are a sure cure for headache and neuralgic pains. Only this morning I recommended them to a friend with a severe headache and in a half hour he came into the store smiling. The headache was gone. We use them in the family and find them excellent for the women folks. This high altitude makes them very nervous. Grandma says I should tell Dr. Miles she could not live here were it not for the Anti-Pain Pills that she takes occasionally."—L. B. Morris, Helena, Montana.

COURT IS LENIENT WITH CHISHOLM

Fort Wayne Embezzler at Grand Rapids Goes Free on Suspended Sentence.

Arthur S. Chisholm, the United States Express cashier who embezzled $600, has been let go without fine or prison sentence, says the Grand Rapids Press. Judge Newnham this morning let the man, who had pleaded guilty to his crime, go with an admonition and a brief warning as to the result of dishonesty. He was released on suspended sentence on his recognizance in the sum of $1,000 to appear from day to day and term to term hereafter.

Shortly before 10 o'clock this morning Chisholm presented himself at the office of Judge Newnham in company with the deputy sheriff, and he was given a private examination. When he came out the prisoner offered his keeper a good cigar and he took one himself. He was remarkably cool for a man who had just seen the judge before the sentence, and the proceedings in the court room accounted for his confident manner.

Judge Newnham told him that he had decided to give him another chance to live an honest life and secure some respect for himself in the community in which he lives. He explained his course by saying that the loss to the express company had been made good, and that by the release Chisholm would be able to get out and earn the money to pay those who had advanced the amount for him. The judge stated that the prisoner's own family had put up the money to reimburse the surety company in part, and that the young man will himself return the rest as soon as he goes to work.

The judge stated that a position was ready for the man, and he will go to work at once, and that he considered such a disposition of the case far better than sending the man to prison for a term of years to blacken his entire life.

As for the women who were said to have been interested in Chisholm, the judge says he understands much that was said was not true, and he warned Chisholm that if he didn't adhere to the course which he had told the judge he would, he would be called in and the penalty allowed by law inflicted. He was told that he came from a good family and there was no reason for his not being honest. Following that the judge entered into a talk on the evil resulting from dishonesty and the better course financially being honesty. Chisholm's mother saw the judge and it was for her as much as himself that the man was released.

A SWEET BREATH

is a never failing sign of a healthy stomach. When the breath is bad the stomach is out of order. There is no remedy in the world equal to Kodol Dyspepsia Cure for curing indigestion, dyspepsia and all stomach disorders. Mrs. Mary S. Crick, of White Plains, Ky., writes: "I have been a dyspeptic for years—tried all kinds of remedies, but continued to grow worse. By the use of Kodol I began to improve at once, and after taking a few bottles am fully restored in weight, health and strength and can eat whatever I like." Kodol digests what you eat and makes the stomach sweet. Meyer Bros. & Co.

DIED IN CALIFORNIA.

J. William Wefel, residing at 280 High street, was notified by telegraph Monday night of the death of his son, Christian H. Wefel, which occurred at San Francisco, Cal. The deceased was 39 years of age, and is survived by the widow and two children. He left Fort Wayne in 1884, but once since visited relatives here. Friends in this city include the father and the Misses Annie and Minnie Wefel, sisters; Miss Lizzie, a stepsister, and Herman, Lawrence and Walter Wefel, step-brothers. Will and Otto Wefel, of Milwaukee, are also step-brothers.

by Foley's Honey and Tar. It stops the racking cough and heals and strengthens the lungs. If taken in time it will prevent an attack of pneumonia. Refuse substitutes. Sold by Dreier & Bro.

WIFE'S CONTRACT VOID.

Judge Adair, at Columbia City, Monday, decided the case of Mrs. Frederick Sihler vs. the Fort Wayne Trust company in favor of the plaintiff. The Trust company held a mortgage on property in Kansas City and owned by Mrs. Sihler to secure a debt of $3,100 contracted by her husband. Mrs. Sihler brought suit to set aside the mortgage, basing the action upon the Indiana statute which declares that a married woman cannot enter into a contract in suretyship.

IMPROVEMENT NOTICE.

Department of Public Works,)
Office of the Board,)
Room No. 2, City Hall.)
Fort Wayne, Ind., April 14, 1903.)

Notice is hereby given by the board of public works of the city of Fort Wayne, Ind., that on the 13th day of April, 1903, the said board, deeming it necessary to make certain public improvements, adopted the following improvement resolutions:

Declaratory Resolution No. 95: For the opening and extending of Poplar street from Oakley street to the first alley west of Oakley street.

Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is desired and deemed necessary to open and extend Poplar street, in the city of Fort Wayne, Allen county, Ind., from Oakley street to the first alley west of Oakley street, said opening and extension to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: The north 15 feet of lot No. 32, Bond's second addition to the city of Fort Wayne, Allen county, Ind., located in the southwest quarter of section 11, T. 30 N., R. 12 east, and being a part of Fairfield's outlot No. 15. All as shown by a plan of such proposed opening and extending of Poplar street above described now on file in the office of the board of public works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said Poplar street above described is described as all lots or parcels of land not occupied by streets or alleys lying south of the first alley south of Walnut street, and the lines of said alley produced west to Miner street, west of Fairfield avenue, north of the alleys north of DeWald street and north of lots Nos. 15 and 28, Bond's second addition, and east of Miner street.

All of said street and lots and lands affected by the opening and extending of said Poplar street being situated in the city of Fort Wayne, county of Allen and state of Indiana.

Improvement Resolution No. 298: Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve the sidewalk on the east side of Wabash avenue, from Washington street to Humphrey street (exempting all sidewalks now laid to a proper line and grade) by grading to a width of 12 feet and paving with brick to a width of 5 feet, all in accordance with the plans and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 299: Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve the sidewalk on the east side of Grant avenue, from Maumee avenue to Wabash railroad (exempting all sidewalks now laid to a proper line and grade) by grading to a width of 10 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the board of public works of said city.

Improvement Resolution No. 300: Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve the sidewalk on the south side of Maumee avenue, from Lillie street to Walton avenue, by grading to a width of 14 feet and relaying the brick sidewalkt to a width of 6 feet, all in accordance with the profile and specifications on file in the office of the board of public works of said city.

Improvement Resolution No. 301: Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve the sidewalk on both sides of Hayden street, from Hanna street to Francis street, by grading to a width of 12 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Improvement Resolution No. 302: Resolved, By the board of public works of the city of Fort Wayne, Ind., that it is deemed necessary to improve the sidewalk on the west side of Warsaw street, from Taber street to Suttenfield street, by grading to a width of 12 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Local Sewer Improvement Resolution No. 103: Resolved, By the board of public works of the city of Fort Wayne, state of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between DeWald street and Creighton avenue, from the brick sewer on Fox avenue to the alley west of Fairfield avenue; also in the alley west of Fairfield avenue, from the alley south of DeWald street to DeWald street, as follows:

Said sewer shall be a 12-inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

Local Sewer Improvement Resolution No. 104: Resolved, By the board of public works of the city of Fort Wayne, state of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between DeWald street and Creighton avenue, from the brick sewer on Fox avenue to a point 110 feet east of Broadway; also in the alley east of Broadway, from the alley north of Creighton avenue to Creighton avenue. Said sewer shall be a 15-inch vitrified clay pipe sewer from the brick sewer on Fox avenue to the east line of Miner street; a 12-inch vitrified clay pipe sewer from the east line of Miner street to a point 110 feet east of Broadway, and a 12-inch vitrified clay pipe sewer in the alley east of Broadway, all in accordance with the profile and specifications on file in the office of the department of public works of said city.

All work done in the making of aforementioned improvements shall be in accordance with the terms and conditions of Declaratory Resolution No. 95, and Improvement Resolutions Nos. 298, 299, 300, 301 and 302, and Local Sewer Improvement Resolutions Nos. 103 and 104, adopted by the board of public works at a regular meeting held on the 13th day of April, 1903, and the detailed plans, profiles and specifications therefor which are on file and may be seen in the office of the department of public works of said city.

The board of public works have fixed Thursday, the 30th day of April, 1903, as a date on which remonstrances will be heard or considered from persons interested therein or affected thereby, and on said day at 7:30 o'clock p. m. said board will meet at their office for the purpose of taking final action thereon.

PETER EGGEMANN,
WILLIAM DOEHRMANN,
H. C. ZOLLINGER,
Board of Public Works.

CONDUCTOR QUELLED FIGHT.

(Huntington Herald.)

The last car from Fort Wayne Sunday night, in charge of William Dowell and William McKinley was the scene of a fight between Roanoke and here that was stopped by the conductor. A certain young man in this city boarded the car and started forward. He fell against a man, also a resident of this city, who took exceptions to such conduct and proceeded to hand the offending party a jolt straight from the shoulder. Conductor McKinley is not a big man, but there never yet has been a time when men could fight on his car, and his reputation for the preservation of peace and comfort was necessarily to be maintained. Consequently he waded into the melee and stopped the pugilistic mill in short order. He did not turn his passengers over to the police, however, and there will be no arrests.

BIG FORCE NOW AT WORK.

Nearly one hundred teams and a full complement of men are now at work upon the grading for the Fort Wayne, Van Wert and Lima electric line, and the construction is moving along at a rapid rate. Between this city and New Haven the grade is completed except for the strip through the Olds tract, which has recently been in litigation.

COURTNEY TO COACH CORNELL.

Ithaca, N. Y., April 21.—Charles E. Courtney has signed a contract to coach the Cornell university rowing crews for five years from this spring. It is stipulated that Courtney is to give the crews his exclusive services. The contract with Courtney which expired this spring was for three years.

CONFESSIONS OF A PRIEST.

Rev. Jno. S. Cox, of Wake, Ark., writes: "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Then I began the use of Electric Bitters and feel that I am now cured of a disease that had me in its grasp for twelve years." If you want a reliable medicine for liver and kidney trouble, stomach disorder or general debility, get Electric Bitters. It's guaranteed by Dreier & Bro. Only 50c.

POLICY KING SENTENCED.

New York, April 21.—Justice Scott in the supreme court today sentenced Albert J. Adams to not less than one year and not more than one year and nine months in Sing Sing prison and to pay a fine of $1,000 for having paraphernalia for playing policy in his possession.

DUE NOTICE IS SERVED.

Due notice is hereby served on the public generally that DeWitt's Witch Hazel Salve is the only salve on the market that is made from the pure, unadulterated witch hazel. DeWitt's Witch Hazel Salve has cured thousands of cases of piles that would not yield to any other treatment, and this fact has brought out many worthless counterfeits. Those persons who get the genuine DeWitt's Witch Hazel Salve are never disappointed, because it cures. Meyer Bros. & Co.

WILL SAIL ON THE WISCONSIN.

Lieutenant Fred Freeman and Ensign James Willson, both of this city, will sail on the battleship Wisconsin the latter part of the month for a voyage across the Pacific ocean. Lieutenant Fred Freeman has been in the torpedo boat service at the Mare Island navy yard, in California.

The "Dry Town Club," of Berne, is the name of a social organization incorporated Saturday under the state laws. The incorporators are L. Kuntz, F. C. Foreman, W. H. Bolc, C. W. Wright and Charles Wright.

SEVEN PERSONS DIED IN THE ERIE WRECK

Six of the Victims So Badly Burned as to Prevent Identification.

Salamanca, N. Y., April 21.—It is now known with practical certainty that seven persons perished in the wreck on the Erie railroad at Red House yesterday. The railroad officials have compiled a list containing the names of the passengers who escaped uninjured, the names of the injured and the name of one dead man and by comparing this with the record of the conductor as to the total number of passengers on board the train they find that six are missing or unaccounted for. They believe that the bodies of all those killed have been found and that the list of fatalities will not exceed seven. The six unidentified bodies are so badly charred that recognition is impossible and they bore nothing which would give any clue to their identity. Agent Hicks, of the Erie railroad at this place, has received many telegrams containing inquiries as to passengers on the train, but thus far all the names mentioned have been in either the list of injured or that of the uninjured.

CURES BLOOD POISON, CANCER, ULCERS, ECZEMA, CARBUNCLES, ETC.—MEDICINE FREE.

Robert Ward, Maxeys, Ga., says: "I suffered from blood poison, my head, face and shoulders were one mass of corruption, aches in bones and joints, burning, itching, scabby skin, was all run down and discouraged, but Botanic Blood Balm cured me perfectly, healed all the sores and gave my skin the rich glow of health. Blood Balm put new life into my blood and new ambition into my brain." Geo. A. Williams, Roxbury, face covered with pimples, chronic sore on back of head, suppurating swelling on neck, eating ulcer on leg, bone pains, itching skin cured perfectly by Botanic Blood Balm—sores all healed. Botanic Blood Balm cures all malignant blood troubles, such as eczema, scabs and scales, pimples, running sores, carbuncles, scrofula, etc. Especially advised for all obstinate cases that have reached the second or third stage. Improves the digestion; strengthens weak kidneys. Druggists, $1. To prove it cures, sample of Blood Balm sent free and prepaid by writing Blood Balm Co., Atlanta, Ga. Describe trouble and free medical advice sent in sealed letter. Sold in Fort Wayne by Ranke & Nussbaum, 828 Calhoun street.

PRETENDER MENACES TETUAN.

Madrid, April 21.—A dispatch from Ceuta, Morocco, represents the port of Tetuan, Morocco, as being in a very critical position. The pretender is being urged to attack Tetuan, the capture of which is considered easy. The European and Jewish residents of the place are unable to leave, except by sea, and have requested that a steamer be sent to fetch them, as in consequence of the insufficient garrison the town will soon be in the hands of the insurgents. The Spaniards have demanded the protection of the Spanish government. A steamer from New York has arrived at Melilla with 500 cases of ammunition and a number of rifles for the sultan of Morocco.

CHRONIC BRONCHITIS CURED.

"For ten years I had chronic bronchitis, so bad at times I could not speak above a whisper," writes Mr. Joseph Coffman, of Montmorenci, Ind. "I tried all remedies available, but with no success. Fortunately my employer suggested that I try Foley's Honey and Tar. Its effect was almost miraculous, and I am now cured of the disease. On my recommendation many people have used Foley's Honey and Tar, and always with satisfaction." Sold by Dreier & Bro.

All lovers of Physical Culture should attend the grand gymnastic exhibition of the Turnverein Vorwaerts, Thursday, April 23, 8 p. m. Saengerbund Hall. Dancing after the exhibition. Reineke's Orchestra. Admission 25c.

NOTICE TO PAINTERS.

On Monday, April 27th, 1903, at 3 o'clock p. m., the board will open proposals for painting bridges within the city limits. For specifications and further information apply at the office of the board.

18-3t A. M. SCHMIDT, Clerk.

MONEY TO LOAN

If It's a Question

Of dollars and cents you should come to us.

The question no doubt often presents itself to you, "How am I going to meet that obligation that comes due tomorrow?"

Sometimes that question becomes so large to you that you can not set it aside. Come to us; we will remove that question for you and you will hardly realize how easily it is done.

All you need is household goods, a salaried position, or something of value. Business strictly confidential.

We make payment due weekly, monthly or quarterly or as you may desire.

Here are some of the terms of our new weekly payment plan, allowing you fifty weeks in which to pay off your loan:

$ .60 is a weekly payment on a $25.00 loan.
$1.20 is a weekly payment on a $50.00 loan.
$2.40 is a weekly payment on a $100.00 loan.

You can get any other amount for the same time at the same proportion. Call on us when you need money.

Application by mail or phone will receive our prompt attention.

Baseball Gossip.

The base ball season is now fairly on in both National and American leagues, the American having opened at Boston yesterday with a double-header. No games are scheduled for today in the American, but tomorrow the fight for supremacy will commence all around. Yesterday was a holiday in Beantown, being Boston day, or Massachusetts day, or something of that kind, and at any rate it was base ball day and the way the American league rubbed it into the National club was a solemn caution. The Americans had one and a half times as many in attendance at the morning game alone as the Nationals had at both games and on the total attendance there is no comparison. For the day the Nationals drew 5,694, while the Americans' turnstile registered 27,678. Each club had the Philadelphia club for opponents and the games in both leagues split even. For the Americans Stahl put himself in evidence by making a two-bagger and a three-bagger in the second game. At New York the first extra inning game was played, resulting in a draw. Our own Charlie Babb played short for New York and distinguished himself by making three of the ten hits, scoring one of the five runs and stealing a base; in the field he had six chances, of which he accepted five, making an error.

None scheduled.

LOCAL GOSSIP OF THE GAME.

The daily practice of the members of the Fort Wayne club is developing the strong and the weak points of the respective members. Captain Myers admits that the selection of a permanent team from the material now on the ground is no easy matter, as all are showing excellent qualities. However, there must be a limit sometime, and during the week the ranks will be considerably thinned. Today Fred Hall, an infielder from Terre Haute, reported, and will be seen in practice this afternoon. This morning the regulars and the colts played a five-inning game, which was full of snappy work, and resulted in a score of 2 to 0 in favor of the regulars, and this afternoon a full game of nine innings will be played with the men in the same positions.

A neat schedule, suitable for permanent posting has been published for gratuitous distribution by Shober's First Regiment band. It gives all the games of the club at home and abroad in regular order and includes the dates of the games transferred on account of the Eagles' carnival during the week of June 22. Copies can be had for the asking of President Mautner, Captain Myers, or at Barner's base ball headquarters, corner of Jefferson and Calhoun streets.

WHEELING AT HARD PRACTICE.

Central League News Interchange Special.

Wheeling, April 21.—The Wheelings are engaged in hot practice this week with the fast Zanesville (Ohio) independent professional team as the Stogies' opponents. The Sunday game resulted in a victory for the Wheelings by the decisive score of 5 to 1, Pesson holding the independents down to three hits, while the Wheelings made ten safeties off Lucas, a Wheeling twirler, formerly with the Grand Rapids team of the Inter State league. The Stogies played without an error, and impressed the Zanesville fans as a strong aggregation. The first three days this week these teams are playing on the Island grounds, and the Zanesvilles are no mean competitors. Thursday the Washington-Jefferson college nine comes, and Friday and Saturday the team goes to Cambridge, and on Sunday plays the fast Canton independent professionals at Canton.

* * *

If a vacancy should arise in the Central league, Zanesville would make good without a doubt. Fifteen hundred people braved the rain last Sunday to see the Wheelings play. For several years the Ohio city was a member of the old Tri-State league, and Wheeling and Zanesville were always bitter rivals.

* * *

Pitcher Elletson, of Parkersburg, W. Va., who signed a Wheeling contract, refuses to report and has joined the Zanesville club, which tried to pitch him against the locals here on Tuesday, but the management refused to allow him to play and has taken up the case with the National Association of Professional Base Ball clubs, by whom the player will be blacklisted unless he fulfills his contract with the Wheelings.

* * *

Wheeling is having trouble with another player, Short Stop Marcan, of the St. Pauls, of the American association. While St. Paul was in Memphis, Manager Kelly wired Wheeling if an infielder was wanted, and upon receiving a reply in the affirmative, Kelly negotiated Marcan's acceptance of Wheeling's terms, St. Paul being willing then to dispose of the player, owing to Clingman having been awarded to them. Later Kelly decided to retain Marcan, but Wheeling has taken up the case with President Bement, who, in turn, has protested to the National Association of Professional Base Ball clubs.

* * *

The agitation against Sunday ball in Wheeling seems to have died a bornin', if outward indications go for anything. Popular sentiment is clearly for Sunday ball, and it is unlikely that a renewal of the agitation would result in accomplishing anything. Only one of the four newspapers of the city has joined in the ministerial cry against base ball on the Sabbath.

* * *

The opening game with Marion on the 30th will be made a gala event. The game will be preceded with a street parade in which both teams will appear. Mayor Sweeney will pitch the first ball and Chief of Police Ritz will pose at the bat. A record breaking crowd is expected. Interest is at fever heat, and the most prosperous season in the history of professional ball is anticipated.

—R. M. Archer.

Neighbor

Your headache, your biliousness, your yellow skin, coated tongue, constipation and rheumatism will never be any better until you get your stomach and your liver fixed. Folks will tell you you've got this and you've got that, but my friend, when I don't feel just right I take

Friday, the Georgia Minstrels.
Saturday, James K. Hackett in "The Crisis."

It is plain that Mr. Bryan's views of democratic harmony can in no way be made to include Mr. Cleveland.

There are more strenuous doings at San Juan—not the hill of sanguinary memory, but the capital of Porto Rico—where some scandals are being brough to light. Naval officers who smuggled liquor into the island are to be arrested and tried for the offense.

It looks very much as though Councilman Hosey is to be pitchforked into the contest in his ward. The non-partisan principle in politics, of which Golden Rule Jones, of Toledo, is the leading philosopher and exponent, may have sprouted in the Second ward.

Down in Mizzoori there is a great scandal because certain legislators used baking powder to raise the dough. While that is what baking powder, alum as well as other kinds, is for, the result seems likely to prove unfortunate for solons who cooked up the job. Indictments for bribery have been returned and the lieutenant governor of the state has removed himself from the commonwealth's jurisdiction to avoid giving testimony. Corruption is corruption anywhere, but the Missouri brand is a shade more fetid than any other.

There are further developments that show where some of the state's school funds have gone to. We noted the other day a suit against S. E. Kercheval to recover the amount of a discrepancy between what he borrowed on some land appraised at high value and what the state realized on appraisment of the land for sale. It now turns out that the state lost some $8,000 or $9,000 on another transaction of the sort. It is not strictly necessary to commit burglary to loot the state treasury.

Though few may suspect it, there is a political campaign on in this city and in two weeks the city election will be held. Up to date there has not been a speech, the boom of a band nor a whoop or hurrah. All of which in some respects is quite admirable. At the same time it should be borne in mind that a city council is to be elected and waterworks trustees chosen. Those public servants have to deal with important affairs and no good citizen should let the election go wrong in default of his interest.

The president, it is said, has issued orders to officers of the navy that hereafter there must be no more "German baiting." By this he means that the much too common and frequently too loud talk among officers of possible war with Germany and coming trial of strength between the navies of the kaiser and the United States shall cease. Since the strained situation that existed at Manila between the fleet of Admiral Dewey and the German admiral, Von Diedrichs, there has been a deal of the effervescence of which the president complains. The "Hoch der Kaiser" episode of a few years ago brought a reprimand upon Captain Coughlin, of the United States navy, and very recently Admiral Dewey found it convenient to disavow anything offensive in his observations given in an interview which stated that the late maneuvers of the big American squadron in the Caribbean furnished an object lesson to Germany. Strictures and comments of this sort have had a uselessly irritating effect upon Germany, especially upon the German press, and since the "baiting" can serve no possible good, it is probably well to have an end put to it. If war with Germany is to come, it will be upon some substantial international issue, of which not even a shadow is now cast before. Meanwhile, there is no sense in fomenting a purely abstract and sentimental bitterness.

A TIME OF STRESS.

"Mamma, what are the equinoctial storms?" asks the little Wise boy.

"The equinoctial storms," put in Mr. Wise before his wife could get her mouth open, "are due about the time your ma discovers the ugliness of her winter hat and the beauties of the new spring bonnets."—Judge.

COULDN'T DO IT.

Didn't Know the Food She Used Lacked Building Material.

Proper food brought a woman and her child out of sickness into health. A lady living in Madison, Wis., relates her experience which certainly is interesting.

She says: "For about fifteen months I was an invalid and a part of that time caring for a little baby girl. Different physicians said I had heart trouble, torpid liver, nervous prostration and female trouble. Finally I was sent down to Chicago to my uncle, a good old physician. He said the difficulty all came from my not being able to build up from the kind of food I had been using.

"I had run down from 130 pounds to 98 and had about made up my mind I would never get well. He put me on a diet of Grape-Nuts with good cream and graham crackers, a little stale bread when I wanted it, and butter, but no meat and no medicine.

"In two months I got so I could sleep sound where before I used to walk the floor all night. My sick feelings left me and I began to get well. I weaned the baby, but she was very sickly and puny. The doctor said it would be a wonder if we ever raised her. Grape-Nuts had done so much for me I concluded to put her on the food, and got a coffee mill to grind it in, and gave it to her with good cream. She picked up very quickly and began to gain flesh and strength. Now she has a round, ruddy face, is perfectly healthy, out doors all day and hungry all the time. I am grateful to the makers of the food that has saved my life and given strength and health to my little girl." Name given by Postum Co., Battle Creek, Mich.

YOUNG BOTT HELD TO BE OF UNSOUND MIND

Commission Sits in Case of Unfortunate Youth—The Justice Courts.

Monday afternoon a commission, consisting of Justice Tancey and Drs. McOscar, McCaskey and Schilling, examined into the condition of Clem Bott and pronounced him of unsound mind. All the property which was purloined by the unfortunate young man during his periods of aberration has been recovered and will be returned to the rightful owners. The physicians are reluctant to pass any opinion concerning the probable duration of young Bott's affliction, but the present indications are not encouraging.

A NEEDLESS SHAVE.

Justice Tancey Monday recklessly blew himself against a shave which he didn't really need. He was confidentially informed by Mr. Edward Lauer that he would shortly be in to have the hymeneal knot tied which would bind him to Sadie Porter for better or for worse, and upon this assurance the 'squire indulged in the unnecessary shave. Lauer took out his license, all right, but the bride-to-be would not be a bride by prohibitive odds. She not only refused to marry him, but, according to his story, made an undignified effort to kick him. He then tried to recoup by getting his money returned for the license, but the deputy clerks told him that a second-hand marriage license was about as unmarketable a piece of property as a second-hand set of teeth, and Mr. Lauer was obliged to console himself by hoisting in a few more beers of the bock persuasion in order to get even on his investment by forgetting about it.

Sheriff Stout and Commissioner Moudy this morning left for Jeffersonville, having in charge Edward Etchey and Louis Beaver, who were yesterday sentenced to one to fourteen years for burglarizing the Wabash ticket office at New Haven.

The circuit court jury has been ordered to report on Thursday. The jury will be pretty busy this term to hear a majority of the cases in which indictments were found by the last grand jury. The new grand jury has not yet been ordered in.

Minnie J. Merriman has commenced action for divorce against Roy S. Merriman, charging abuse and failure to provide. She also asks for the custody of their child.

Cases have been set for trial in the superior court as follows: Marquardt vs. Kreager, April 30; Hinz vs. Hinz, May 1; Denier vs. Niblick, May 30; Brown vs. Hoy, April 29.

NOTICE

Anyone desiring either their papered or frescoed walls cleaned will make no mistake in having Mr. T. W. Loyd, of 1411 E. Washington street, do their work, a man whom all first-class paper stores of this city will recommend. His work will convince you he knows his business. All orders given prompt attention.

21-eod-6t

WILL GO TO INDIANAPOLIS.

Lieutenant Governor Gilbert will leave this evening for Indianapolis to attend the meeting of the Indiana members of the Louisiana Purchase commission, which will direct the representation of Indiana at the St. Louis fair next year. The members meet tomorrow for organization and the indications are that Lieutenant Governor Gilbert will be chosen chairman of the body.

GET THE LATEST.

Sun Down Dance, two-step, by D. Belle Combs. For sale by all music dealers.

GIVEN HIS CHOICE.

An aristocratic papa, on being requested by a rich and vulgar young fellow for permission to marry "one of his girls," gave this rather crushing reply:

"Certainly. Which would you prefer, the housemaid or the cook?"—Pearson's Weekly.

DRUG COMPANY OFFICERS.

Officers were elected at the annual meeting of the Fort Wayne Drug company Monday evening as follows: President, Henry C. Paul; vice president, John H. Jacobs; secretary, Henry J. Bowerfind; treasurer, Fred C. Landenberger. These, with August E. C. Becker and J. C. Straughan, constitute the board of directors.

TRAVELERS BECOME COSTIVE!

The change in diet and drinking water, the motion of the cars, the irregular habits of travelers, no matter whether they travel on business all the time or for pleasure occasionally, usually result in a constipated condition of the bowels or some stomach or bowel trouble. Travelers should always have a bottle of

Dr. Caldwell's Syrup Pepsin

with them. It is a pleasant liquid laxative and a certain cure for sick headache, train sickness and all stomach trouble. Your druggist sells it in 50 Cent and One Dollar bottles.

W. P. Gaines, of Little Rock, Ark., Traveling Salesman for the Smith-Premier Typewriter Co., writes: "While traveling through western Arkansas, in February last, I had a severe attack of Acute Indigestion. There was no doctor at hand, and I was suffering terribly. Our agent handed me a bottle of Dr. Caldwell's Syrup Pepsin (which at that time was unknown to me). I took two doses and was relieved at once, and I want to say now that when I am on the road I am never without a bottle of Syrup Pepsin in my grip. I consider it as essential as my order book, and can find nothing equal to it for Stomach Trouble and Constipation."

Your Money Back If It Don't Benefit You

Write for "The Story of a Traveling Man."

Something Extraordinary.

Bird Island, Minn.

Since Sept., 1900 our daughter had spells of unconsciousness, sometimes [illegible] times a day and sometimes as high as [illegible] times. She was very cross and irritable, lost her red cheeks, became thin in flesh, and her mind gradually failed. An eminent specialist treated her nearly one year without any effect. Instead of improving, she became worse, then we tried Pastor Koenig's Nerve Tonic. In a few weeks she showed improvement and since March, 1903, has not had a symptom of the disease, is now in good health and flesh, and completely herself again. There is something extraordinary about Pastor Koenig's Nerve Tonic to effect such a wonderful cure of such a tenacious disease.

Josie M. Bowler. M. BOWLER.

FREE—A valuable book on nervous Diseases sent free to any address and poor patients can also obtain this medicine free of charge. This remedy has been prepared by the Reverend Pastor Koenig, of Fort Wayne, Ind., since 1876 and now prepared under his direction by the

GEN. LEONARD WOOD CALLS ON THE KING

American Officer, En Route to Philippines, Received by Italian King.

Rome, April 21.—Brig. Gen. Leonard Wood was received in audience today by King Victor Emmanuel. The general had a most gracious and cordial conversation with the king, who took great interest in the Philippine islands. General Wood explained that he was going to the Philippines on strictly military duty and said he had the greatest admiration for Governor Taft. He felt that the results which the governor had accomplished there were excellent.

The king said that should General Wood go to Eritrea, the Italian African colony on the Red sea, he had given instructions to the authorities there to put themselves entirely at his disposal. General Wood thanked the king warmly and said he was gratified when through the Italian ambassador at Washington, the foreign office here invited him to visit Eritrea.

Major Scott and Lieutenant McCoy, who accompanied General Wood, also were received by the king.

CONTINUOUS DREAMS.

A writer in the Royal Magazine has been subjecting himself to a number of curious experiments with a view to testing certain theories that he holds on the subject of dreams. He maintains that when a man is asleep he is continually dreaming, and that the "only dreams or portions of dreams that you can remember are those which occur just before you awake." In order to secure evidence for this theory he got his wife to awaken him whenever she heard him talking in his sleep. Up to the time of writing that had occurred twice, and in both cases he was "roused in the middle of a violent dream scene," says the New York Commercial Advertiser.

Next, he induced his wife to awaken him when he appeared to be sleeping peacefully, using various methods to do so. The methods adopted were giving him a smart "dig in the ribs" (a violent plan, which one would think would be too cruel for a lady to employ on her liege lord), dropping cold water in his hand, fanning his face, calling his name, and holding a spray of heliotrope to his nose and then rousing him with a shake. In each case he awoke with a distinct recollection of a dream, and in each case the dream took shape more or less from the sensation by which the subject was awakened. The dig in the ribs interrupted an interview at afternoon tea with Mr. Pierpont Morgan, which was a pity if any advantageous financial result were likely to follow from it; the dropping of cold water on the hand broke a dream of having a little worm wriggling its way into his flesh just above the wrist, and the heliotrope interrupted a delightful dream of a lovely garden. These experiences are held by the writer to establish the fact a sleeping man is always dreaming, and that the dream remembered is the dream of the moment before waking. He wants his readers to try similar experiments with themselves, but perhaps their wives may object to be parties to such ruthless human vivisection.

GOOD FOR CHILDREN.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of Cough, Croup and LaGrippe, because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure, life-giving and life-sustaining oxygen to the blood and tissues. Meyer Bros. & Co.

WAS GOING TO SHOOT.

George T. Winston, president of the North Carolina A. and M. college, thinks he has the prize when it comes to children's sayings, says the New York Times.

While visiting in Asheville he went to see one of his friends and met the three-year-old daughter of the family. Her parents were religious people and she had learned from them that God was everywhere and that she must always try to please him. Dr. Winston and she became friends, and the next time he went to her house he carried her a bow and arrow as a gift. She was delighted and the two went out on the lawn to try the toy. He taught her how to shoot it and she prepared to send the shaft upward. She pointed the arrow toward the sky and pulled the elastic string far back. She had almost let go when a frightened look came over her face. Then she looked up, and raising her voice, said:

"Det out of the way, Dod, I'm goin' to shoot."

A WASHINGTON, D. C., LADY

MAKES A REMARKABLE STATEMENT.

After Years of Sufferings from Acute Nervous Dyspepsia,

Paine's Celery Compound

EFFECTS A HAPPY CURE.

Dyspepsia, one of humanity's most cruel enemies, is effectually cured by the use of Paine's Celery Compound. This tormenting disease is caused by acute inflammation of the nerves centered about the stomach. In dyspepsia nervous energy is wasted, and the entire digestive organism is deranged. The needs of dyspeptics

MRS. ADA COCHRANE.

may be summed up as follows: The great nervous system requires strengthening; the blood now charged with impurities must be cleansed, so that it will flow healthily and in abundance; the stomach, weak, and unreliable, must be toned up. Paine's Celery Compound in the springtime will accomplish all that is needed for the dyspeptic sufferer, and banish troubles that make daily life unbearable. Mrs. Ada Cochrane, Washington, D. C., says:—

"I have been for years a sufferer from acute attacks of nervous dyspepsia, and during the past winter I heard so much about your Paine's Celery Compound I decided to try what it would do for me. I used less than two bottles and experienced relief almost from the first dose I took. I did not find it necessary to finish the second bottle. I therefore do not hesitate to add my hearty indorsement to the many thousands of testimonials you already have."

MRS. EDDY WORSHIPED.

In the April number of the North American Review Mark Twain, in an article entitled, "Mrs. Eddy in Error," closes for the present his discussion of Christian Science. After citing Mrs. Eddy's recent declaration through the newspapers that she does not think the term "mother" is applicable to her, and that it is far from her purpose to deify herself, since, in her opinion, "self-deification is blasphemous," Mark Twain quotes a number of passages from books and public utterances of Mrs. Eddy, which, he argues, afford clear proof that she has put forward a claim to the exclusive title to the term "mother," and that she has also affirmed that she is of divine origin, gifted with supernatural powers. He says:

"She has as absolute control over all branch churches as she has over the supreme church. This power exceeds the pope's.

"In simple truth she is the only absolute sovereign in all Christendom. The authority of the other sovereigns has limits, hers has none. None whatever. And her yoke does not fret, does not offend. Many of the subjects of the other monarchs feel their yoke and are restive under it; their loyalty is insincere. It is not so with this one's human property; their loyalty is genuine, earnest, sincere, enthusiastic. The sentiment which they feel for her is one which goes out in sheer perfection to no other occupant of a throne; for it is love, pure from doubt, envy, exaction, fault-seeking; a love whose sun has no spot—that form of love, strong, great, uplifting, limitless, whose vast proportions are compassable by no word but one, the prodigious word 'Worship.' And it is not as a human being that her subjects worship her, but as a supernatural one, a divine one, one who has comradeship with God and speaks by his voice.

"Mrs. Eddy has herself created all these personal grandeurs and autocracies—with others which I have not (in this article) mentioned. They place her upon an Alpine solitude and supremacy of power and spectacular show not hitherto attained by any other self-seeking enslaver disguised in the Christian name, and they persuade me that, although she may regard 'self-deification as blasphemous,' she is as fond of it as I am of pie."

Foley's Honey and Tar contains no opiates and will not constipate like nearly all other cough medicines. Refuse substitutes. Sold by Dreier & Bro

CITY BREVITIES.

Otto Schwandisch, a student of the medical college, has returned to his home in Garrett.

Charles Beach is making a business visit in Bluffton.

Mr. and Mrs. N. D. Doughman are spending a few days in Chicago.

Miss Minnie Orvis, of Decatur, is visiting friends in the city for a few days.

Mrs. Frank Bott and children, of Logansport, are guests of Mrs. Bott's parents, Mr. and Mrs. N. DeWald.

Earl Line has returned to his home in Arlington, Ohio. Mr. Line is a student at the medical college.

Suman Slade, of Convoy, Ohio, who underwent an operation at St. Joseph hospital several weeks ago, returned home yesterday.

Twenty-six members of the Rome City club went to Decatur this morning to be the guests during the day of Mrs. Morrison and her sister, Miss Studebaker. The party will return on the late train this evening.

A meeting of the committees to prepare for the mass meeting for men at the First Presbyterian church Sunday afternoon, May 3d, will be held Thursday evening in the First church.

The South Side Aid society was very pleasantly entertained yesterday afternoon at the home of Mrs. W. F. Graeter. The prize for fourteens was won by Mrs. W. J. Vesey, while the prize for games was won by Miss Eckert.

Rev. E. W. Allen, of the West Jefferson street Church of Christ, will deliver the address at the commencement exercises of the Poe high school this evening. Alexander Johnson was to have delivered the address, but was called out of the city.

About fifteen members of the West Jefferson street Church of Christ attended the county meeting of churches of that denomination in Jackson township today. The party went to Smith's Corners over the Findlay and were met with carriages.

SHOULD HAVE PIN MONEY.

Having the bills paid is all very well. It's much better than not having them paid. But women like the handling of money as well as do men. They like to pay for their own purchases and open their own parcels. If you men cannot sympathize with this eccentricity consider how well you like to clip the ends from your own cigars and open your own mail, writes Lavinia Hart to Collier's Household Number for March. Consider how well you'd have liked going through college with all your bills paid, but not a cent in your pocket. Consider, while you are considering, how you would like being asked to a banquet and having somebody else eat for you. I have known women whose fathers were millionaires and whose bills were paid without question who were compelled to wait for the carriage, whatever their errand or its distance, because they never had car fare. Invariably these women were reckless in extravagance. They rarely asked the price of things they ordered, as it was a matter of no concern to them. Yet with the rare and precious cash dollars that came their way they were economical to the verge of stinginess. The moral whereof is plain.

If you would have your womenfolk economical let them handle money and learn to respect its value. There may be women who have not sufficient womanliness to honor the confidence this trust implies; but they are exceptions. If such be your daughters it is your business to teach them otherwise. If they be your wives it is your own fault for having married them.

When a father gives his son an allowance he should do the same for his daughters; not as a matter of material favor—for the daughter's bills might double the son's allowance—but as a matter of discipline, of financial experience and education. The girls who dress and keep themselves within the limits of a stipulated allowance are usually the best-dressed; yet their bills are invariably smaller. It is to their interest to get all they can for their money, and their dollars go twice as far as the girls' whose bills are paid. And these are the girls whose training is fitting them to be good wives and helpmates of men, provided the men they marry have sufficient shrewdness to share their confidences and their incomes, and to trust their wives to aid in making the family fortunes solid. In the humbler walks of life, where the husband's earnings are so scant it is incredible that they can cover the mere necessities of life, those households are uniformly more thrifty where the husband turns over his entire earnings to the wife. His days are full of toil and his evenings of fatigue. He has neither the time nor the energy to figure and plan to make "both ends meet." But somehow she manages to supply their wants and keep the bills paid; and somewhere, though he cannot see just how she does it, there's a nest egg growing by hard-saved dimes and dollars for the inevitable "rainy day."

Dr. Hiatt's Germicide cures sore throat; also a safeguard against diphtheria. Take a dose morning and evening and keep a healthy throat. For sale by druggist. 25c.

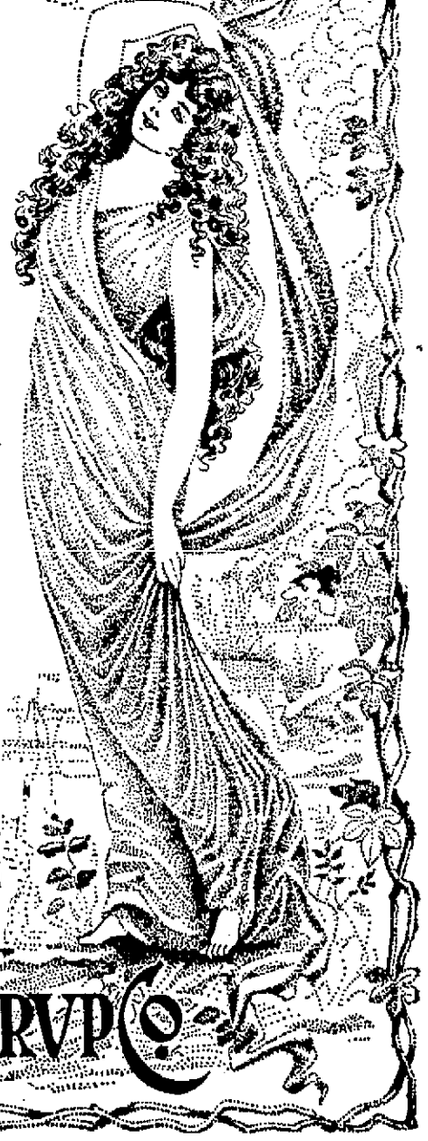
WOMAN'S GENTLE NATURE CALLS FOR GENTLE TREATMENT



Delicately formed and gently reared, women will find, in all the seasons of their lives, as maidens, wives, or mothers, that the one simple, wholesome remedy which acts gently and pleasantly and naturally, and which may be used with truly beneficial effects, under any conditions, when the system needs a laxative, is—Syrup of Figs. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant, aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Many of the ills from which women suffer are of a transient nature and do not come from any organic trouble and it is pleasant to know that they yield so promptly to the beneficial effects of Syrup of Figs, but when anything more than a laxative is needed it is best to consult the family physician and to avoid the old-time cathartics and loudly advertised nostrums of the present day. When one needs only to remove the strain, the torpor, the congestion, or similar ills, which attend upon a constipated condition of the system, use the true and gentle remedy—Syrup of Figs—and enjoy freedom from the depression, the aches and pains, colds and headaches, which are due to inactivity of the bowels.

Only those who buy the genuine Syrup of Figs can hope to get its beneficial effects and as a guarantee of the excellence of the remedy the full name of the company—California Fig Syrup Co.—is printed on the front of every package and without it any preparation offered as Syrup of Figs is fraudulent and should be declined. To those who know the quality of this excellent laxative, the offer of any substitute, when Syrup of Figs is called for, is always resented by a transfer of patronage to some first-class drug establishment, where they do not recommend, nor sell false brands, nor imitation remedies. The genuine article may be bought of all reliable druggists everywhere at 50 cents per bottle.

CALIFORNIA FIG SYRUP CO.

NEWS OF THE POLICE.

After the plenty of yesterday there was a famine today and not a case was presented this morning at police court for judicial attention. The individual reports of officers, too, were unproductive of anything of startling interest.

A pair of gold-rimmed spectacles were found at the Wabash depot and turned over at police headquarters, and a stray bike was stabled at Berger's East Wayne street barber shop.

An Aveline house porter named Bussinet, who lives somewhere in the extreme west end, reported that he had picked up three stray horses, which he has quartered in his barn. One of the horses, he says, is a valuable one.

E. J. Berry, of 1226 Hayden street, reported that he had purchased a lot of second-hand lumber from the Pennsylvania company, which he had stacked up in his yard to be used in the building of a shed and barn. Someone anticipated his building maneuvers by backing up a wagon and carting off several loads of his material. Now he wants the police to locate his lumber yard.

Patrolman Pageler found an overcoat in an alley back of Laselle street, which he imagines was dropped by someone who was more interested in taking care of his jag than of his coat. The owner can have it by calling at headquarters.

A supposed burglar entered the house of Rev. Theodore Hahn, of the English Lutheran church, on Sunday night and was discovered by Mrs. Hahn, who awakened her husband. The reverend gentleman, without waiting to make a complete toilet, went after his uninvited nocturnal visitor, but without result. The burglar, who had effected an entrance through the front door, departed by the same entrance and disappeared in the darkness. He was not pursued out of the house.

DREADFUL ATTACK OF WHOOPING COUGH.

Mrs. Ellen Harlison, of 300 Park ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysm of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor, who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Sold by Dreier & Bro.

THE MILITARY BALL.

All arrangements are now complete for the grand military ball to be given Thursday evening by battery B in the Anthony Wayne club. It is expected that from ten to twenty couples will be present from the Warsaw infantry company, as well as representatives from several other military companies in neighboring cities. The soldiers will be in uniform, and the battery's color, red, will be used in decoration and will be the prevailing color. Lieutenant Governor Gilbert will be one of the guests of honor.

For liver trouble and constipation There's nothing better in creation Than Little Early Risers, the famous little pills.

They always effect a cure and save doctor bills.

Little Early Risers are different from all other pills. They do not weaken the system, but act as a tonic to the tissues by arousing the secretions and restoring the liver to the full performance of its functions naturally. Meyer Bros. & Co.

WILL BE A GREAT TREAT.

One of the musical treats of the season will be the recital to be given next Friday evening in Flick's conservatory by Valentine Abt, mandolinist, harpist and composer, assisted by Miss Florence Lois Weber, soprano and vocalist. Mr. Abt is conceded to be the peer of American mandolin players and Miss Weber is an artist of great ability.

The Biggest Little Thing

measured by the amount of nutritive value it contains, is the fresh soda cracker. Many people think a cracker an insignificant and easy thing to make—yet no one ever succeeded in reaching perfection until **Uneeda Biscuit** were introduced. To maintain the quality of **Uneeda Biscuit** requires the best of everything—wheat, flour, baker, and bakery.

Uneeda Biscuit furnishes every element necessary to bodily vigor; and, above all, they are fresh and clean. This is due to the **In-er-seal** Package—identified by the famous red and white trade mark design—which protects them from the air, moisture, dust and other things not best to mention. There's a world of worry, work, skill and care in making a soda cracker like—

SPEAKS AGAINST NEW LIBEL LAW

Charles Emory Smith Makes a Strong Appeal for Death of the Measure

WOULD THROTTLE PRESS

Pennsylvania Bill a Breeder of Blackmail—Governor Meets Editors.

Harrisburg, Pa., April 21.—Every important newspaper in Pennsylvania was represented at the hearing of the Grady-Salus libel bill by Governor Pennypacker today in the hall of the house of representatives. Attorney General Carson sat with the governor throughout the hearing, but neither indicated what would be the governor's action on the measure.

The governor and attorney general arrived in the hall of the house promptly at 10 o'clock and were greeted with applause. The governor said the bill was a very important one, and he was anxious to hear both sides, and he suggested that two representatives from each side be heard in order to save time. He also suggested that the opponents of the bill be heard first.

The opening speech was made by Charles Emory Smith, of the Philadelphia Press, who was presented by Thomas V. Cooper, of the Media American. At the outset of Mr. Smith's address Governor Pennypacker took exception to his use of the word "insolently" and suggested that it would be well for the speakers to omit the strong adjectives. Mr. Smith accepted the suggestion, saying at the same time that he spoke strongly because he felt strongly.

MR. SMITH'S ADDRESS.

Mr. Smith addressed the governor as follows:

"At the outset I beg to thank your excellency on behalf of all my associates for granting this hearing. You have given us what the legislature ruthlessly and insolently denied us. This bill was rushed through that body with unbecoming, if not indecent haste, in contempt of the spirit of the constitution and, as I believe, in disregard to its letter. It deeply affects our rights and our property. We asked for the hearing to which we were entitled in the commonest fair play among men. We were contemptuously refused all opportunity to defend our rights and to protest against what we believe to be a monstrous wrong, and this shameful refusal compels us to appeal to the fairness, the rectitude and the justice of the governor of the commonwealth.

"We are here in great numbers from all parts of the state. We are of one accord and we are profoundly in earnest. We believe that our most vital rights and interests are at stake. And we must in common manhood defend them now and hereafter. We stand for the just liberty of the press, but not for its abuse. We do not object to any wholesome restraint upon irresponsible, malicious and licentious journalism, nor do we desire that the bars against libelous publications shall be let down. We accept the law which holds us responsible for actual injury when inflicted by our publications, even though inadvertent and unintended, for we know that this is one of the necessary risks of our business. In the main, the press reflects the public tone and temper. It is what the people make it and what the people want.

FOLLY OF THE BILL.

"The great folly of this bill is that it is utterly ineffective and futile for the purpose for which it is really designed, while it exposes reputable newspapers to the constant and unavoidable danger of costly, vexatious and blackmailing suits. It must fail of its plain intent, while it is infinitely mischievous in other directions.

"What measure of protection is offered here which is not found in the present statute? Is it in the more stringent provisions for liability on account of "negligence in the ascertainment of facts and in making publication?" But in this particular kind of publication least of all does "negligence" appear. Their very characteristic is that they are intended, deliberate, studied and carefully prepared. Is it that they are offensively libelous? But if so they are open to prosecution now. Is it because punitive damages can be awarded? But punitive damages can be awarded now. Is it because this is a new provision for damages for physical and mental suffering? But though not distinctly specified and itemized as such, a jury can take that element into account in making up its sum total of damages now.

WILL PROVE ABORTIVE.

"An intelligent and reasonable consideration of those points demonstrates that the bill is abortive so far as relates to its special purpose.

"The very essence of libel is that the publication shall be of a defamatory or injurious character. The law now rightly holds the newspaper responsible for publications of that nature. But this bill would incorporate a new principle in the code. It would make any publication actionable in which there had been negligence even where there is nothing of a defamatory or injurious character. It does not require that the matter should be libelous. And so, this bill practically makes every incorrect publication actionable, no matter what its character. What unlimited fields of litigation, what boundless sources of annoyance are opened in this extraordinary provision.

"The great newspaper has fifty or more men on the staff. It has five hundred correspondents. It has all the thousand agencies of The Associated Press. Its intelligence comes to it through all these multiplied sources. This vast machinery is the indispensable condition of modern journalism. Enforce the utmost vigilance and how is it possible, in human nature, with all these agents, to prevent mistakes? For mistakes which inflict actual injury, the newspaper is now liable and there is full redress, as there ought to be.

THE DANGER TO BE MET.

"But how shall this new danger of emotional or imaginary damages be met? How shall 'physical and mental suffering' be measured? It is intangible, imperceptible, incommensurable. It lies locked up in the heart or in the imagination of the complainant. He chooses to swear to it, and how can it be combatted or estimated? And in what cases may it not be claimed?

"In the presentation of the news of the day, errors will inevitably creep in. The errors need not under this bill be libelous. They need only result from what may be called negligence, and every error may be regarded as showing negligence at some point. Thus every error, every misprint, every mistake in any single element of a statement may be made the basis of a suit for damages. What shark will not leave the trail of the trolley in his hunt for prey to pursue the newspapers in this more prolific field?

"The bill is special legislation in that it excludes weekly newspapers. It treads all around the weekly and carefully avoids stepping on it. This is no accident. The language is three times repeated in the course of the bill and every time in the same peculiar terms and with the same exception.

COMPARISON OF FIGURES.

"There are no monthly or bi-weekly newspapers. It is a contradiction of terms. There are only forty semi-weeklies in Pennsylvania. The weeklies in Pennsylvania number 954 and the dailies 209. To declare that a statement is a libel when printed in 209 dailies and not a libel when printed in 954 weeklies is simply grotesque.

"This bill is utterly powerless to stop the particular kind of publication which it aims at, but it encompasses legitimate publications with an unlimited network of embarrassment and vexation; it would cripple and curtail the presentation of the regular and proper news of the day; it would start up a whole swarm of speculative shysters and curbstone blackmailers; it infringes the just and constitutional liberty of the press and would impair that valuable protection for public morals and public rights which is found in the searchlight of publicity; it is special legislation in undertaking to make a law for newspapers, while excepting the weekly newspapers from its operations; it perpetrates a gross wrong in seeking to fasten the principals' responsibility upon the agent, where the agent not only does not commit the offense, but where he has not even the power to prevent it."

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.

Kodol Digests What You Eat

Make the Stomach Sweet.

A TRAINED NURSE SPEAKS OUT

Trained nurses as a rule are a fine lot of women, and if they were men would make magnificent soldiers. They are trained to obey to the minutest detail, and it is seldom one can be got to express an opinion on any remedy, being content to carry out the physician's orders. Speaking on the subject one of the best known nurses of Pittsburg, Pa., said: "I only recall one case where I felt called upon to speak right out and tell the doctors what I thought. I had been called in to attend an old lady suffering with chronic constipation and whose enfeebled condition precluded the use of cascara, rhubarb, licorice or other powerful purgatives. The doctors were giving the patient large doses of olive oil without any appreciable result. I insisted upon Red Raven Splits, knowing that as a laxative, though mild, it was exceedingly sure. To my delight the doctors, after consultation, prescribed a bottle every morning for three mornings. A prompt change came over the patient and in a few days she was relieved. This is the only experience I ever had with Red Raven Splits in a critical illness, but in a number of mild attacks of constipation, torpid liver, headache and biliousness, I have known them to bring quick relief."

All drug stores and bars keep Red Raven Splits—a sparkling mineral water in half-pint bottles. Price 15c.

TO BE WELCOMED AT KIEL.

Kiel, Prussia, April 20.—The warships of the United States European squadron will be welcomed here during the yachting week and the members of the executive committee of the Imperial Yacht club have already discussed informally how to entertain the American visitors. The crews will be asked to take part in the boat races to which one of the days will be given up. The German men-of-wars' boats are modelled exactly after the American specifications supplied by the navy department at Washington to Germany several years ago. Therefore the contests between the German and American sailors will be on equal terms.

SAVES TWO FROM DEATH.

"Our little daughter had an almost fatal attack of whooping cough and bronchitis," writes Mrs. W. K. Haviland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for Coughs and Colds. 50c and $1.00 bottles guaranteed by Dreier & Bro. Trial bottles free.

On May 15th the Morning Musical society will have a "request program." Members desiring to hear again any number that has been played at the recitals thus far are requested to notify the chairman.

BRYAN HITS OUT AT CLEVELAND

Nebraskan Assails Ex-President in a Speech at Kansas City

BLAMES HIM FOR WOES

Declares He Twice Had to Bear the Burden of Him in Race for Presidency.

Kansas City, Mo., April 21.—William J. Bryan, speaking this morning to the toast "Democracy" at the banquet given by the Democratic Jackson County club and the newspaper men of Missouri, complimentary to William J. Stone, at which the addresses did not begin until long after midnight, bitterly arraigned Grover Cleveland and his supporters who are making the plea for harmony among democrats. The assembly was made up of representative Missouri democrats and Mr. Bryan's remarks met enthusiastic favor. He said in part:

"What we need in this nation is moral courage among men. We need moral courage more than ability, and we want the kind of moral courage that will fight for honest democratic principles. In your junior senator, William Joel Stone, you have in Missouri a man who possesses both moral courage and ability. I believe in harmony. The democratic bed is wide enough for all who want to come in, but we do not want to have to sit up nights to keep certain pretenders from picking our pockets. We invite all who have strayed from the fold to come back if they so desire, but we want them to stay in after they come. We have had enough of Clevelandism in the democratic party.

TOO MUCH CLEVELAND.

"We had four years of Cleveland and after his administration was over we found ourselves weaker than we had ever been before, because we had been betrayed. These so-called harmonizers, Cleveland and his followers, showed their nearness to republicanism by deserting us in our hour of greatest need and supporting the republican party. The democratic party won a great victory in 1892, which gave our party a great opportunity, but Grover Cleveland betrayed the democratic party and I carried the burden of his administration through two national campaigns and there was not a plank in either platform that was such a detriment to me in those campaigns as that burden was. Cleveland had the best opportunity to redeem the democratic party ever offered to any man since the time of Andrew Jackson, but instead of being true to his party he disgraced himself. As a party we must stand true to democratic principles, and if we do I believe that democratic victory will some day come, and it will be here to remain when it comes.

"Never swerve in your loyalty to democratic principles. I would not give one democrat who really believes in democratic principles for a whole barnyard full of trimmers and compromisers who pretend to be democrats."

Letters of regret from Richard Olney, Senator Gorman, Senator Carmack, W. R. Hearst, Tom L. Johnson, Edward M. Shepard, D. B. Hill, Senators Daniel and Clark, of Arkansas, and Bailey were read. The letters of Johnson and Hearst raised a tumult of applause.

ANOTHER WONDER OF SCIENCE.

Biology Has Proved That Dandruff Is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam delved, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality; causing itching scalp, falling hair and finally baldness. Without dandruff hair must grow luxuriantly. Herpicide at all druggists. It is the only destroyer of dandruff.

"Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Pellens & Polster, special agents."

INDIAN SCHOOL BURNED.

Brantford, Ont., April 20.—All the inmates of the Indian institute, which was burned last night, escaped without injury. A panic prevailed among the occupants during the fire and it was impossible at the time to say if all had escaped. The loss is $35,000, covered by insurance.

The fire destroyed all the buildings of the institute, which is the property of the New England company and was established a short distance east of the city years ago for the purpose of educating young Indian students.

Woman's Nature

Is to love children, and no home can be completely happy without them, yet the ordeal through which the expectant mother must pass usually is so full of suffering, danger and fear that she looks forward to the critical hour with apprehension and dread.

Mother's Friend, by its penetrating and soothing properties, allays nausea, nervousness, and all unpleasant feelings, and so prepares the system for the ordeal that she passes through the event safely and with but little suffering, as numbers have testified and said, "it is worth its weight in gold." $1.00 per bottle of druggists. Book containing valuable information mailed free.

BAR-BEN

THE GREAT RESTORATIVE

WILL CURE YOU.

We want all men and women who are weak to know that Bar-Ben is truly and without any exception the greatest home treatment for lost vitality and its kindred afflictions.

BAR-BEN is a true nerve tonic and blood purifier. It puts new vigor and perfect health into the weak nerves and broken down system. It makes the appetite keen, the digestion perfect and promotes refreshing sleep; body, brain and nerves are built up rapidly under its use.

BAR-BEN is the scientific, natural and positive cure for all nervous diseases, lost vitality, night emissions and excesses, the effects of over work, worry, brain fatigue, the excessive use of tobacco, opium or liquor. No matter what has caused your trouble, Bar-Ben will bring you back to health.

Don't wait another day. Get some Bar-Ben and begin taking it. The sooner you commence, the sooner your weakness will vanish.

All druggists, 50 cents or mailed on receipt of price. Write for free sample.

POWER PLANT IN OPERATION

Electric Works Completes the Finest Plant in the City Today

NEW ENGINES ARE PERFECT

Pull Their Heavy Load Without the Least Effort--Growth of the Works.

The Fort Wayne Electric works, where improvements have been so extensive and numerous under its present management that the public mind has been unable to keep pace with them and has, therefore, only vague ideas concerning them, has just added another very important addition. This morning the new power plant, which has been in course of erection for three months, received the finishing touches and was placed in full operation, with William Bracht as chief engineer and Frank J. Mains and S. E. Parrish as assistant engineer and chief fireman respectively. All of the machinery in the vast works is now driven by the engines in this new power plant and there is a surplus power which will come handy in the near future for driving the machinery in other additions that will have to be made to the works. This being one of the best arranged, most compact and neatest steam and electric plants in the country, a description of it will be interesting to the readers of The Sentinel.

THE ENGINE ROOM.

The engine room is approximately 55x55 ft., with a hip roof and having a skylight extending almost its entire length and being about 12 ft. wide by 40 ft. long on each side of the roof, which, together with ample windows, make the room very light and airy.

On suitable supports is mounted a special rail on which a 10-ton crane operates, enabling any piece of apparatus in the building to be easily handled.

All the comforts and conveniences of the employes of the power plant have been looked after. A wash room with hot and cold water and a proper place in which to hang their clothes have been provided.

THE MOTIVE POWER.

The motive power consists of two tandem compound engines, one being 12x12x18x36, running at 120 revolutions per minute and driving a 150-kilowatt 250 volt "Wood" power generator. The other unit is a 20x42x32x42, direct connected and running at 100 revolutions per minute a "Wood" power generator of 400 kilowatts capacity. These power generators, like the rest of the electrical apparatus, are of Mr. Wood's latest design, and are of the slow speed high efficiency type. They are vertically split, which renders repairs easy of accomplishment if anything should happen. These machines are without doubt the finest machines designed for the purpose, running as they do fully loaded and considerably loaded without overheating in any point. They, as well as the rest of the plant, are a credit to the Electric works.

In addition to these main direct connected units are motor driven generators, i. e., a 1500-light alternating machine, a 100 kilowatt 500 volt booster, a 50 kilowatt alternating dynamo and two arc machines of 150 and 125 lights capacity respectively.

One end of the room is occupied by a 16-panel marble switchboard on which all the latest arrangements for controlling and measuring power are mounted.

All this apparatus is after Mr. Wood's latest designs and up to date in every respect.

THE BOILER ROOM.

The boiler room is about 65 ft. by 30 ft. and has a high roof which is properly ventilated. In this department are at present three 250-hp. high pressure Stirling boilers. The fourth boiler has been ordered and will be installed inside of sixty days. These are specially built boilers and have shells ⅞ in. thick, being designed for turbine work at a constant pressure of 250 pounds. At present they are only operated at 150 pounds to the square inch.

Two stacks, which are 100 feet in height and 5 feet in diameter, were furnished and erected by the Bass Foundry and Machine company, and are made of wrought iron ¼ in. thick two-thirds of the way, and balance 3-16 in. thick, making very substantial stacks that will stand for many years.

The boiler feed pumps, which are located in the cellar, were made by the Worthington company of Cleveland, and are of the vertical type, being so installed as to occupy the least possible amount of room. There is also an electrically driven Deane triplex pump, which is used while the power is on, the other Worthington pumps being held in reserve in case of accident and for night and holiday use when the power is not running.

The feed water heater, which is of the Webster "Star" vacuum type and is for 2000 hp. capacity, is located in the cellar, where it is easy of access, requiring no special hands or arrangements of piping to pick it up.

PIPING THE EXHAUST.

All the exhaust from this plant is piped over to the factory buildings in a brick subway, the pipe being mounted on roller bearings, and is used during the winter months for heating the establishment, a 12 in. steel pipe being so employed. In the summer time the steam is exhausted into the atmosphere through the usual exhaust bonnet, which by centrifugal action separates the water and returns it to the hot well which is located in the yard. This hot well is 25 ft. by 14 ft. by 11 ft. deep, and has a filtering wall bisecting the same. All the water from the roof, drips and overflows is conducted into one side of the hot well and the feed pumps draw it from the opposite side after it has been filtered. Proper provision has been made for skimming any oil or dirt that gets into this hot well, so that it is practically impossible for anything but pure water to be taken up by the pumps.

There is also a siphon ejector installed, the pipes from which are connected at the bottom of the hot well, and by turning on a steam jet any sediment that is thrown to the bottom can be pulled out as it gravitates to the lowest point of the well.

The steam piping, which is all of the high pressure type with flanged joints, as well as all the high pressure valves, separators, up to date traps and steam apparatus, was installed by the Electric works themselves, they having made the plans and laid out the work, and had the pipe cut beforehand to the proper lengths so that no cutting was necessary, but everything, as was expected, went together without any change at all.

NO PIPES IN POWER STATION.

The absence of pipes in the power station is very noticeable, all steam and exhaust pipes having been conducted under the engines in proper ducts and floor stands operating the valves installed. This makes a clean cut job and leaves plenty of head room for the crane.

The foundation itself is quite a work of art. It is composed of a skelton wall of brick and is very complicated in its outlines. Into this skelton wall of brick was poured and tamped over two million pounds weight of concrete, the foundation being over twelve feet deep, this being necessary on account of the peculiar nature of the soil.

There are over 125 anchor bolts used in holding down the engines, dynamos and accessories, some of these bolts being over ten feet long; and while some of them were put down six months before the engines were received, not a single bolt was placed wrong or had to be cut out or shifted.

Coal for use in the boiler room is stored in a coal bin to the north of the boiler room, which has a capacity of 750 to 1,000 tons, and the railroad coming in on trestle work has a capacity of about 100 tons more under the same. Proper cast iron chutes were built into the boiler room wall through which the coal is handled to the proper coal duct in front of the boilers, making a very satisfactory arrangement. A coal track which was installed some years ago, runs through the large machine shop and is used for bringing in and turning out heavy shipments of machinery from that department. By a little engineering it was possible to utilize this to advantage in connection with the new power plant, as above stated.

THE HEATING SYSTEM.

Referring again to the system of heating the shops, the large machine shop is heated by direct radiation from eight 1-in. pipes, which are connected at the ends with manifolds and extend all the way around the first floor and galleries. The exhaust steam is conducted through these pipes and serves to heat the shop very satisfactorily. In the old shops and store rooms the exhaust steam is passed through coils of pipe enclosed in sheet iron cases. Blowers, which are run by motors, passing the air across this nest of steam pipes and conducting it through ducts through the different departments. It will therefore be seen that these arrangements for heating, which were made last summer and were used this winter, are quite complex, and the fact that they worked satisfactorily shows that the calculations and work were correctly estimated.

The whole shop, including the testing room, is now operated by motor drive, some machines being run by individual motors, while others are run in sections by large motors, the motors varying in size from one horse power to 125 horse power.

The circuits, of which there is a separate one for each department, run over the tops of the roofs and branch out to the different centers of distribution. The lighting circuits also distribute from the new power station so as to get the shortest possible route and yet by the proper disposition of the junction boxes eliminate the least possible chance of shutdown through the breaking of a wire. Some of these power cables are over one inch in diameter, but when it is considered that over 1,000 horse power will be used in operating these shops it will not be surprising to know that such large cables are necessary.

MOUNTING OF WIRES.

All the wires in the plant are mounted on the I-beam construction that constitutes the floor beams, on porcelain supports, the wire itself being the standard Underground Cable company's lead covered wire. This lead covered wire was adopted as being absolutely fire-proof and waterproof, making it impossible for any dampness, steam or other foreign elements, should they become present in the cellar, to affect the wires in the slightest degree.

When it was decided by the management of the Electric works to put in this new power plant, the matter of its design and installation was turned over and left to Mr. E. A. Barnes, mechanical superintendent of the works. He laid out, engineered and superintended the entire plant from the start, laying out the pipe work, foundations, buildings and all the steam heating arrangements, electrical distribution and arrangements for motor drive. Mr. Barnes was ably assisted in his work by Messrs. O. Wiegand, the draughtsman; William Bracht, the company's stationary engineer; Charles Heckler, steam fitter, and F. G. Duryea, electrician.

AN AMAZING GROWTH.

No manufacturing establishment in Fort Wayne has grown as rapidly as the Fort Wayne Electric works and this growth has been of a solid and substantial character. Four years ago, when the General Electric company secured control of the property and turned its management over to Messrs. F. S. Hunting and J. J. Wood, there were less than 350 names on the pay rolls. Today over 1,000 names are enrolled there and upwards of $40,000 are paid out monthly in wages to the men who are employed in the factory. That these figures are not greater is because the factory facilities are not adequate to the demands. But plans are now under consideration, it is understood, for other additions, and when they are carried to a consummation the works will be giving employment to 1,200 people. At present the Fort Wayne Electric works rank third as a laborer employer in this city.

A UNIQUE RECORD

NOT ANOTHER LIKE IT IN OUR BROAD REPUBLIC.

To give positive home testimony in every locality is of itself unanswerable proof of merit; but when we add to this the continued endorsement from people who testified years ago no evidence can be stronger. A citizen gratefully acknowledges the good received from Doan's Kidney Pills, and when time has tested the cure we find the same hearty endorsement, with added enthusiasm and continued praise. Cases of this kind are plentiful in the work of Doan's Kidney Pills, and such a record is unique in the annals of medicine

Mrs. Flora Brown, of 37 Bass street, says: "My daughter and I had read a good deal about Doan's Kidney Pills and the wonderful cures they were making, so we decided to get them. I had kidney trouble as the secretions were discolored and contained sediment, my feet swelled and I was much bothered with dizziness; still I did not have much backache. My daughter got Doan's Kidney Pills for me at Meyer Bros. & Co.'s drug store and I began taking them as directed. They were just what I needed. From day to day as I continued the treatment I improved until I was in good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

EDWARD SAILS FOR NAPLES.

Valleta, Island of Malta, April 21.—The royal yacht Victoria and Albert with King Edward on board sailed for Naples today, escorted by the whole British Mediterranean fleet. As the yacht steamed out of the harbor she was saluted by the guns of the forts and cheered by thousands of people who lined the sea front to bid her farewell.

MARRIED MEN'S SODALITY, CATHEDRAL, ATTENTION.

Please meet promptly at 8 a. m., Wednesday, at Library hall, to attend the funeral of James Summers.

E. J. LITTOT, Secretary.

MASONIC FUNERAL NOTICE!

The members of Sol D. Bayless Lodge, No. 359, and all other Master Masons are requested to meet in the Temple at 1 o'clock sharp Wednesday, to attend the funeral of our deceased brother, C. B. Oakley. Street cars to and from Lindenwood Cemetery.

WALTER COOK, W. M.
R. J. HAMILTON, Sec'y.

WILL MEET TONIGHT.

The executive committee of the Physicians' Defense company will hold a regular meeting at the offices of the company this evening.

ROME'S 2656TH BIRTHDAY.

Rome, April 21.—According to tradition, this was the 2,656th anniversary of the foundation of Rome, termed here Rome's birthday. Prince Colonna, the mayor Rome, received thousands of telegrams wishing the Eternal City a glorious future. These came mainly from the many foreigners who are in Italy and who came here to attend the historical, agricultural or Latin congresses.

A son was born a few days ago to Mr. and Mrs. Cormac McCallis, of Hazleton, Pa., being the twenty-third child born to the couple. Mrs. McCallis is 41 years old and was married at the age of 17 years.

THE MARKETS

Chicago, April 21.—Wheat was steady early, May selling to 79c and July to 73⅛c.

General selling followed an attempt by Armour to unload May and that option dropped on an excited market to 75½c. Armour brokers then bought, and after touching 78c, May closed steady at ½@⅝c lower, at 77⅞c. July closed ⅝c down, at 72@72¼c.

Corn ruled firm on light receipts, May opening at 44⅛c to 44¼c, and July at 44⅝c to 44½c.

The close was steady, May ⅛c lower, at 44c, and July unchanged, at 44⅜c.

Oats opened firm on covering, May at 35⅛c to 35¼c.

July provisions opened steady with hogs, pork at $17.60, lard at $9.82½@9.85 and ribs at $9.77½.

The Close.

Prices at the close were as follows:

Wheat—May, 77⅞c; July, 72⅛@72¼c; Sept., 68⅞c.

Corn—April, 43⅝c; May, 44c; July, 44⅜c; Sept., 43¾@43⅞c.

Oats—April, 34½c; May, 34⅝c; July, 31¼c; Sept., 28½c.

Pork—May, $18.07½; July, $17.60; Sept., $17.22½@17.25.

Lard—May, $9.90; July, $9.82½@9.85; Sept., $9.80@9.82½.

Ribs—May, $9.97½; July, $9.80; Sept., $9.72½.

Rye—May, 50¼c; July, 49¾c.

Flax—Cash N. W., $1.11; S. W., $1.07; May, $1.07.

Clover—April, $12.00.

Timothy—April, $2.60.

Barley—Cash, 42@54c.

Butter, Cheese and Eggs.

Chicago, April 21.—Butter—Market weak; creameries, 18@23½c; dairies, 15@22c.

Eggs—Market steady, 14¼@14½c.

Cheese—Market steady; twins, 13c; daisies, 13@13½c; young Americas, 13c.

Chicago Live Stock.

Chicago, April 21.—Cattle—Receipts, 3,000; market steady; good to prime steers, $5@5.50; poor to medium, $4.25@5; stockers and feeders, $4@4.75; cows, $1.60@4.60; heifers, $2.50@5.15; canners, $1.50@2.75; bulls, $2.50@4.30; calves, $2.50@6; Texas fed steers, $4@5.

Hogs—Receipts today, 17,000; tomorrow, 25,000; left over, 2,391; market steady; mixed and butchers, $7.10@7.35; good to choice heavy, $7.40@7.52½; rough heavy, $7.10@7.40; light, $6.85@7.25; bulk of sales, $7.10@7.40.

Sheep—Receipts, 8,000; sheep and lambs, slow; good to choice wethers, $4.75@5; fair to choice mixed, $4@4.75; native lambs, $4.50@7.

The Day on Wall Street.

New York, April 21.—Opening prices were about ⅛ higher on an average and the trading was active and widely distributed. Exceptional gains were shown by Minneapolis, St. Paul and Sault Ste Marie preferred of ½, Manhattan of 1 and Wabash preferred of ¾.

Special strength was shown by a few stocks, which have been accumulated recently, notably Baltimore and Ohio and some of the Gould stocks. Trading was broad and rather active, but the demand was freely fed and the price movement was narrow. Many obscure stocks were dealt in at advances of 1 to 2 points. Sugar moved up a point on the advance in refined sugars, and Baltimore and Ohio, St. Louis Southwestern preferred and Wabash preferred gained as much. General Electric rose 2 points, while Cast Iron Pipe preferred lost 2½.

The market was practically motionless for a time and then renewed the advance. The Gould stocks retained their conspicuous position, Wabash preferred rising 2. Net gains of a point were made by Wabash, Missouri Pacific, Texas and Pacific, Union Pacific, Atchison, Canadian Pacific and Norfolk and Western. Detroit United Railway advanced 2½ and a number of minor industrials gained between 1 and 2. The heaviness of Amalgamated was attributed to the illness of the president of the company.

Bonds were steady at noon.

The representative railroad stocks figured more prominently in the dealings and were bid up strongly. Their strength accelerated the rise elsewhere and stocks were purchased with considerable confidence. Minor stocks showed increasing prominence and the decision of the exchange authorities to record odd lot transactions of less than 100 shares was followed by a wide variety of purchases. The principal mid-day gains were of a point or over in St. Paul, Southern Pacific and Louisville, and 2 to 3 in Colorado and Southern first and second preferred, St. Louis Southwestern preferred, Detroit Southern preferred, Rubber Goods preferred, Steel Foundry and Sloss-Sheffield Steel. Colorado Fuel was pressed for sale steadily and lost 1⅜. Grass Twine declined 3 points.

Increasing activity and strength developed during the course of the afternoon. New stocks were brought forward into the advance. Southern Pacific, Chicago and Alton and Canadian Southern were numbered in the 2-point gains. Rock Island, Pennsylvania and Reading advanced a point over last night. Sloss-Sheffield Steel 4½, Westinghouse Electric 6 and the first preferred 8. The buying movement extended to Amalgamated, which had been heavy during the forenoon and it rallied to 5⅛ above yesterday's close. Profit-taking in Manhattan, Missouri Pacific and Baltimore and Ohio was achieved under cover of the general strength.

Professional profit-taking affected prices all through the list, but Manhattan led the reaction to the extent of 1⅝. Missouri Pacific fell back a point and General Electric 1¼. Gains of 2 to 2½ were scored by St. Louis and San Francisco, Denver and Rio Grande, Kansas and Texas preferred, New York, Chicago and St. Louis second preferred, Pittsburg, C., C. & St. L., North American and Railway Investment preferred. Erie first preferred advanced 1¾. Brokers turned their attention to exercises incident to the last day of business in their temporary quarters on the floor of th Produce Exchange and trading became dull.

The closing was dull and easy.

New York Produce Market.

New York, April 21.—Butter—Receipts, 7,396 packages; market steady; state dairy, 17@24c; extra creamery, 25c; creamery, common to choice, 18@24½c.

Cheese—Receipts, 2,723 packages; market steady; new state full cream, small colored, fancy fall made, 15c; small white, 14¾c; large colored, 14½@14¾c; large white, 14¼@14½c.

Eggs—Receipts, 17,263 packages; market strong; state and Pennsylvania, 16c; western storage packed, 16c; western firsts, 15½c; Kentucky, 15½c; southern, 15c.

New York, April 21.—Sugar—Raw, market firm; fair refining, 3 3-16@3⅛c; centrifugal, 96 test, 3⅝@3 11-16c; molasses sugar, 2 15-16@3c; refined, market firm; crushed, $5.45; powdered, $4.95; granulated, $4.85.

Coffee—Market quiet; No. 7 Rio, 5⅛c.

Molasses—Market firm; New Orleans, 31@40c.

WE WANT TO SEE YOU.

It matters not if you want to buy shoes now or not, we want you to call anyway and see the finest stock of reliable, dainty footwear ever shown in Fort Wayne. All this season's make and styles.

PRASS & REED CO.,

Olmsted, LeRoy, N. Y.

C. F. BLOMBACH DIES FROM BRAIN FEVER

Charles Ruhl Succumbs to Pneumonia--Other Deaths and Funerals.

Carl Frederick Blombach, a plasterer, died at 11 o'clock this morning at his home, 618 Montgomery street, from brain fever at the age of 29 years, 9 months and 5 days.

Mr. Blombach was a native of Germany, but came to America in boyhood. He is survived by the widow, who was formerly a Miss Kolkmann, and one child. There are also two brothers, Otto and Hugo Blombach, and four sisters—Mrs. Fred Eigenberg, near Hoagland; Mrs. Gottlieb Heine, Mrs. Fred Krauhs and Mrs. Christ. Bullermann.

Announcement of the funeral will be made later.

HOUSE.

Dorothy Isabel House, the lovable little daughter of Mr. and Mrs. John S. House, of 2131 Broadway, died at 11 o'clock this morning from bowel trouble, at the age of 1 year, 11 months and 18 days. The little one's illness dates from but a week ago, and the malady was at first believed to be of a trivial character, but neither the ministrations of loving hands nor the attention of medical skill were able to arrest the progress of the disease, which terminated fatally today. One feature which renders the death additionally sad is the fact that during much of the first year of its existence its life was dispaired of. More recently, however, there had been hopeful indications of added strength that gave promise of complete health. Mr. and Mrs. House will have the unbounded sympathy of a very large circle of friends in their latest bereavement.

RUHL.

Karl Ruhl, 45 years of age, died at 1:15 o'clock this morning from pneumonia at his home, 51 Hillside avenue.

Mr. Ruhl was a native of Germany, but came to America twenty years ago, and for the past sixteen years had been employed as a brewer at the Centlivre brewery. He is survived by the widow and an adopted child.

FUNERAL NOTICES.

Oakley—Funeral services of Col. C. B. Oakley will be held Wednesday afternoon at 1:30 o'clock from the residence, 930 West Main street, and at 2 o'clock from Westminster Presbyterian church.

Summers—Funeral services of James Summers will be held Wednesday morning at 9 o'clock from the Cathedral.

Schrader—Funeral services of Mrs. H. C. Schrader will be held from the residence, 714 Rockhill street, Wednesday afternoon at 3 o'clock.

Moss—Funeral services of Mrs. Frederick Moss will be held from the residence, 1605 Hoagland avenue, Wednesday afternoon at 2 o'clock, Rev. Wagenhals officiating.

Kress.—Funeral services of Mrs. Emma F. Kress will be held Wednesday morning privately from the residence of the parents, 714 Wilt street. The interment will occur at Lindenwood.

Didier.—Funeral services of James Didier will probably be held Thursday morning at 8:30 from the residence and at 9:30 from the Cathedral.

WANTS.

WANTED—Investors: The Pittsburg Tunnel Mining company affords you a splendid opportunity for an investment. Some facts worth considering and remembering: They own ten full mining claims in Thunder Mountain, Idaho county, Idaho. These claims are adjacent to the Dewey and Sunnyside. They have a tunnel already driven which carries an average of over $6 values per ton. The ore is free milling and can be handled for less than $2 per ton. We are ready for the mill, ten stamps of which will be shipped within the next thirty days. As soon as the mill is erected we will begin to earn dividends. Shares can be had for a short time at 20 cts. per share. For further particulars, call on or address, The Pittsburg Tunnel Mining Company, Rooms No. 4-5, 2d floor, Arcade bldg., Fort Wayne, Ind. 4-16-eod1m

New No. 814 Calhoun St.

The Place to Buy Your Coal

I am ready to take orders for your next winter's coal. Hard coal and Pokahontis. The summer time is the time to prepare your next winter's fuel for several reasons: You can buy it cheaper, and second, is you give the coal dealer time to put your coal in your bins, and third place, is you have got your coal in when winter comes and you don't have to run to the coal yard when the coal man is busy, that he cannot wait on you. AND ONE GREAT REASON IS YOU KNOW what the gas company has told you, that for next winter you must prepare other fuel, and don't be deceived and wait till cold weather comes and strikes come on—the way to avoid all trouble is to put your coal in when we can take care of you, and one other great point is when you buy in the summer you get better coal.

The rumor is among local agents that they are not allowed to solicit orders as there is going to be a great deal of early coal bought this year, as the people are not going to be fooled this time as they were last year. They are going to get their coal and they will know they have got it.

This demand is going to make coal scarce and high. Don't wait till coal goes, and you cannot get it, but buy when you can buy right and at the low prices. These prices hold good till the 1st of June. Call up the Wilding Coal yard. Phone No. 6265.

LUBRICATOR FOR DRIVER JOURNAL

Railway Men Invent Device Which Will Probably Come Into General Use

BACK IN HIS OLD PLACE

John F. Naylor Returns to the Wabash Freight Office After Long Absence.

C. D. Bowen, of the Pittsburg, and W. F. Poyser, of the Wabash, have received a patent upon a device for lubricating the drive wheel journals and pony journals of locomotives. The advantages possessed by this device over the methods now in vogue are convenience, economy and efficiency. It is claimed that with this method there will be a saving of 50 per cent in oiling the driver journals and nearly as great a per cent. in oiling other journals. Messrs. Bowen and Poyser will soon put their device on the market.

SURPRISED THE FIREMEN.

The business session of the A. G. Porter lodge, Brotherhood of Locomotive Firemen, was suddenly turned into a social session last night, at which the ladies figured prominently. The ladies' auxiliary had planned a surprise for the firemen and at 9 o'clock they appeared and demanded admission at the door of the hall. The invaders were accompanied by ice cream and cake and shortly after their arrival groups of ladies and gentlemen were distributed about the room, partaking of the refreshments. Later, to the music furnished by Miss Grace Chase, dancing was indulged in and that which promised to be only an ordinary business meeting, proved to be one of the most pleasant gatherings the firemen had participated in for a long time. Some important business, which was to come up before the meeting, including the proposition to hold a railway carnival, was laid over on account of the presence of the ladies, but it will come up at the next meeting and possibly at a special session this week.

LUBRICATING EXPERIMENTS.

Mr. Turner, a representative of the Galena Oil company, and John Koehl, an expert car inspector, left last night for Conway, where large yards of the Pennsylvania company are located. They will experiment with a lubricating system owned by the Galena people, which they are anxious shall be adopted by the Pennsylvania company. Mr. Koehl is a student of the veteran car inspector, Steve Schellenberger, and his duties lately have kept him out of the city nearly all the time. He only recently returned from a trip out which consumed ten months.

BACK IN RAILWAY OFFICE.

John F. Naylor has returned to railroad work after an absence of five weeks, during which he was employed as a street car conductor most of the time, having a run on the Main street line. Three months ago Mr. Naylor resigned from the street car to take a position with the S. F. Bowser Tank company and now he resigns to take a position with his old employer, the Wabash railway company. He has been appointed assistant cashier, succeeding Harry Frost, whose resignation was mentioned yesterday. Mr. Naylor's previous service with the Wabash was in the capacity of yard clerk.

BLACKSMITHS' DANCE.

Upwards of 350 people attended the dance of the blacksmiths at Saengerbund hall last night and the affair proved to be one of the most enjoyable as well as financial public balls ever given at that place. Barner's orchestra furnished the music for the twenty number program, which was carried out to the end without a hitch or unpleasant incident. The grand march was led by Mr. and Mrs. Peter T. Hontheim and Mr. and Mrs. Thomas Gordon, who led the dancers through the maneuvres in a manner that showed their familiarity with the duty they were performing.

WILL ENTERTAIN FRIENDS.

Wayne division No. 119, Order of Railway Conductors, and Kekionga division No. 51, Ladies' Auxiliary to the Order of Railway Conductors, will give a progressive entertainment, banquet and dance to their friends Wednesday evening at Knights of Columbus hall. Arrangements for the affair have been made on an elaborate scale by the committees in charge and the affair promises to be in all respects most successful. The progressive pedro games will start at 8 o'clock, sharp.

WILL PUT IN LIGHTS.

G. C. Kinsman, superintendent of telegraph of the Wabash, with headquarters in Decatur, Ill., is in the city today, making arrangements for wiring the company's passenger and freight offices for electric lights. The work will be taken up as soon as the painters, who are now decorating the walls, are through with their job.

INDUSTRIAL NOTES.

Cliff Talmadege, of the electric works, is sick today.

Jimmy Dale is again on duty in the Nickel Plate yard telegraph office, after a several weeks' absence.

Engineer and Mrs. W. R. Kilgore and their daughter will leave tomorrow for Delphi, Ind., where they will visit friends a few days.

W. A. Sprott, division freight agent of the Wabash, was in the city over night. He left this morning for the west.

Mr. and Mrs. Otto Meyers are moving into their new home on Webster street. Mr. Meyers is a clerk at the Pennsylvania shop clerk's office.

The first of the season's excursions into Fort Wayne will take place on the Wabash next Sunday, when a special train will run from Lafayette.

Robert J. Gross, second vice president of the American Locomotive company, who is touring the world, in the interest of the company, is now in Japan.

Machinist J. W. Davis has returned from Lima, where he was working in the Shaw Locomotive works. He will take a position in some of the shops in this city.

The Fort Wayne Electric works this morning delivered to Dr. Maurice Rosenthal one of the latest improved X-ray apparatus, for use at St. Joseph hospital.

Two trains loaded with immigrants passed through the city over the Nickel Plate this morning. The passengers are bound for the northwest agricultural districts.

J. W. Hilgeman, a construction man in the employ of the electric works, has returned from Massillon, Ohio, where he started up an electric light plant.

D. F. Crawford and F. D. Reed, superintendent and chief clerk of the Pennsylvania motive power department, respectively, are in Pittsburg today on business for the company.

Yard Conductor Ross Gardner, who was pinched between a car and the gate post at the Pittsburg blacksmith shop some days ago, has recovered from the injury sufficiently to resume his duties.

The passing of control of the Western New York and Pennsylvania road to the Pennsylvania, gives the Adams Express company a line into Buffalo, and that company will reestablish offices in that city.

Mrs. William Emmett, who prevented a disaster by flagging a train with her umbrella last week, has received from the New York Central company a life pass over the Vanderbilt lines.

The Michigan Central announces advances in the pay of machinists in shops from $2.65 to $2.90 per day; blacksmiths from $2.75 to $2.90, and boilermakers from $2.65 to $2.95 for ten hours. The men asked for $3.

Two cars of a Findlay freight train were derailed near the Perrine, Armstrong & Co.'s sawmill this morning and the Wabash wreck crew was called to the scene to put the wheels back in position.

Mrs. J. F. Weaver, wife of the coppersmith at the Wabash shops, was taken to St. Joseph hospital yesterday and she will undergo a surgical operation at the hands of Dr. I. M. Rosenthal in a day or two.

R. J. Schmoll, a coppersmith employed at the Montclair shops of the Baltimore and Ohio, is in the city to visit his parents and other relatives. Mr. Schmoll until a few months ago was employed in the Pittsburg shops in this city.

G. L. McCoy, a special apprentice, resumed his duties in the Pittsburg machine shop this morning after an absence on account of a wounded foot. During his disability Mr. McCoy was visiting his parents at Pittsburg.

E. B. Taylor, fourth vice president of the Pennsylvania, was in the city four or five hours this morning, en route to Grand Rapids. He came in on Pennsylvania train No. 25 and left on Grand Rapids and Indiana train No. 7, traveling in his private car.

Plans have been prepared by the Wabash for doubling its terminal facilities at Detroit by the addition of twenty-eight tracks to the yards at Twelfth street. Through freight service is being arranged for between Toledo and Detroit by way of Milan and the Ann Arbor road.

As a result of the blacksmiths' dance last night many of the fires at the Bass, the Pittsburg, the Wabash and other big shops in the city were out today. The dance continued until morning and the dancers were too tired to report for duty today. They will be on hand tomorrow morning, however.

The Wabash company has no ground for complaint on account of lack of passenger business out of this city. Every month during the year 1902 showed an increase over the corresponding month of 1901, and the same ratio of increase is being made this year. The new Detroit line, of course, is responsible for a portion of this increase.

RED CROSS

MEDICAL ASSOCIATION,

723 Clinton St., Ft. Wayne, Ind.

Treats and Cures All

CHRONIC, NERVOUS AND SPECIAL DISEASES.

Weak Men Restored to vigor and vitality. Organs of the body which have been weakened through disease, overwork, excess or indiscretions, restored to full power, strength and vigor by our new system of treatment.

If you cannot call, send stamp for question blank for home treatment. Hundreds of patients have been cured, whom we have never seen, by our system of correspondence, which is sacredly confidential.

A Sour Stomach an Impossibility

DR. PRICE'S Tryabita FOOD does not produce, like other cereal breakfast foods, a soggy mass approximating to glue in their consistency and mucilaginous in their taste, thus making by their continued use, fermentation or acidity of the stomach a possibility.

DR. PRICE'S TRYABITA FOOD

THE WHEAT FLAKE CELERY FOOD

For breakfast—for supper—for a dessert. Serve in natural state, hot or cold, with cream or milk and sugar. Wholesome, clean and nourishing.

Palatable—Nutritious—Easy of Digestion and Ready To Eat

My signature on every package. Dr. V. C. Price.

Dr. Price, the creator of Dr. Price's Cream Baking Powder and Delicious Flavoring Extracts.

Prepared by PRICE CEREAL FOOD CO., Food Mills, Battle Creek, Mich., Main Offices, Chicago.

DIDIER SUCCUMBS TO HIS INJURIES

Man Who Fell Down Stairway Dies Without Regaining Consciousness.

Without having regained consciousness, James Didier, who suffered a fearful fall down a stairway on East Lewis street Monday afternoon, died at St. Joseph hospital at 4 o'clock this morning, and it will perhaps never be known precisely how the accident occurred.

Didier was a carpenter, employed at the east car shops of the Pennsylvania company, and he fell down the stairway leading to the rooms of the East Car Shops Athletic association, above the Neumeier grocery, at 1307 East Lewis street. When discovered some time later unconscious at the foot of the stairway Dr. Morse Harrod directed his removal to St. Joseph hospital, where Dr. Harrod and Dr. Rosenthal made a more careful examination, revealing an extensive fracture of the skull at the base of the brain, together with numerous other injuries.

Didier was a native of Ohio, forty-seven years of age, but had long lived in this county. He was married and his home was at 73 Chestnut street. Surviving relatives include the widow and four children—Clement, Ernest, Bertha and Loretta Didier. There are also four sisters—Mrs. A. Havett, Mrs. H. Conrad, Mrs. C. Martin and Mrs. G. Bacon.

CUPID MYSTERY EXPLAINED.

He (reading)—Of love that never found his earthly close—

She (interrupting)—Isn't Tennyson grand? You can always learn something from him. Now I always understand why Cupid is always represented without anything on. But please go on.—Pearson's Weekly.

Only Guaranteed Catarrh Cure

Hyomei Costs You Nothing if It Fails, Say Meyer Bros. & Co.

Among the many medicines upon the market that claim to cure catarrh, none but Hyomei has enough faith in its own merit to be willing to refund the money if it does not cure.

This remarkable remedy for catarrh kills the microbes and the germs of the disease and from its introduction has been sold under a positive guarantee to return the money to all dissatisfied customers. Meyer Bros. & Co. have sold thousands of Hyomei outfits in the last few years and have had only two customers ask for a return of the money, which in every instance was promptly and cheerfully returned. They stand ready today to refund the price to anyone who is not helped by Hyomei.

The complete outfit costs $1.00 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a life time, and additional bottles of Hyomei can be obtained for 50 cents.

Breathe Hyomei for a few minutes four times a day, and your catarrh will grow better from the first day's use, and will be completely cured in a short time.

Do not try to cure catarrh with ordinary stomach medicines. Breathe the healing Hyomei, which goes to every part of the air passages and respiratory organs, killing the catarrh germs and preventing their growth.

It is the only treatment for catarrh where you can get your money back from the local dealer in case it does not help.

AFTER LA GRIPPE—WHAT?

Usually a hacking cough and a general feeling of weakness, often leading to fatal results after the patient is supposed to have passed the danger point. Foley's Honey and Tar is guaranteed to cure the "grippe cough" and make you strong and well. It never fails to stop a cough if taken in time. Take no substitutes. Dreier & Bro.

ILL-OMENED METAPHOR.

"I wish," said the girl thoughtfully, "that they wouldn't use that expression 'launched upon the sea of matrimony.'"

"And why not?" asked the young man anxiously.

"Well, you know what kind of time I always have on a sea voyage."—Pearson's Weekly.

Foley's Kidney Cure if taken in time affords security from all kidney and bladder diseases. Sold by Dreier & Bro.

EDIBLE TO HIM.

"You say," tittered the fiancee of the vegetarian, "that you could fairly eat me. Now, isn't that contrary to the tenets of your belief?"

"Not at all," asserted the vegetarian.

"But if you ate me——"

"I should simply be eating a peach."

No use talking, the meat diet isn't the only one that makes the mind active.—Judge.

The surest and safest remedy for kidney and bladder diseases is Foley's Kidney Cure. Sold by Dreier & Bro.

ESTHER'S EXPERIMENT.

Little Esther, aged four, noticed the other day at dinner the rest of the family helping themselves liberally to mustard.

Nobody offering her any, she waited till something drew away the attention of the others, when she lifted the mustard spoon, liberally daubed a piece of bread with the fiery condiment and took a substantial bite.

Her hand immediately went up to her mouth, but, bravely suppressing an outcry, she put the bread away from her, remarking:

"I think I'll wait till that jelly gets cold."—Little Chronicle.

Foley's Kidney Cure makes kidneys and bladder right. Don't delay taking. Sold by Dreier & Bro.

HIS IDEA OF FRACTIONS.

The son of a butcher experienced great difficulty in comprehending fractions, although his teacher did his best to make him understand their intricacies. "Now, let us suppose," said the teacher, "that a customer came to your father to buy five pounds of meat, and he only had four to sell—what would he do?" "Keep his hand on the meat while he was weighing it, and then it would weigh more than five pounds," was the candid response.—April Success.

CUTICURA OINTMENT

Purest of Emollients and Greatest of Skin Cures.

The Most Wonderful Curative of All Time

For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, permits rest and sleep, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair.

Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectually, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Sanative, antiseptic cleansing," or "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in connection with the use of Cuticura Soap, is sufficient evidence of this.

Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chafings, as well as for all purposes of the toilet, bath and nursery.

THE EDISON PIPE.

In offering our Edison Pipe we feel confident that we have succeeded in producing an article which cannot fail to become a great favorite. The cartridge used in this pipe is a product of nature; it absorbs completely all moisture and therefore is a positive preventive of any nicotine getting into the mouth of the smoker.

As soon as the cartridge has reached the point of saturation, replace it with a new one.

An absorbents of nicotine these corn cob piths, as used in the Edison Pipe, are unexcelled. If the smoker is troubled with any irritation of the throat or lungs, dip these piths into balsam of tar, which will insure immediate relief.

Both bent and straight stem Edison Pipes are carried in stock. Price, 45c.

718 Calhoun Street.

NEEDED MORE ROOM

The Firm of John Grosjean & Son Move to More Roomy Quarters.

Owing to their rapidly increasing business the firm of John Grosjean & Son have been compelled to vacate their old quarters in rooms 19 and 20, Pixley-Long block and are now comfortably located in rooms 35, 36 and 37 in the same building. By this move they have added one more large room to their offices. The business done by this firm last year surpassed their greatest expectations and for the present year they are looking forward to another record breaking season. The firm opened up one year ago and the added space to their already large office room shows to what extent the business has grown. In their new quarters they will have every facility for sustaining their reputation for attending to all business with quickness and dispatch. Mr. John Grosjean, in conversation with the writer, said that he was looking for a great year in the real estate world as there is plenty of money, and trading seems to be brisk. There is a strong desire on the part of the outside investors to locate here and all points to a brisk time in the real estate business the coming year.

There may be a feeling in the minds of some that the commission given to a real estate agent may be thrown away, and then, on the other hand, he may endeavor to take the long end of the deal. The reputation has been established by Messrs. Grosjean of giving the public the very best of service. They have also established a reputation for square dealing and that is one of the principal reasons why their business has gone on like it has in the first year.

IMPROVEMENT NOTICE.

Department of Public Works,)
Office of the Board,)
Room No. 2, City Hall,)
Fort Wayne, Ind., April 21, 1903.)

Notice is hereby given by the board of public works of the city of Fort Wayne, Ind., that on the 20th day of April, 1903, the said board, deeming it necessary to make certain public improvements, adopted the following improvement resolution:

Main Sewer Improvement Resolution No. 18: Resolved, By the board of public works of the city of Fort Wayne, state of Indiana, that the construction of a main sewer, which from its size and character is not only intended and adapted for use by property-holders whose property abuts along the line of said sewer, but is also intended and adapted for receiving sewage from collateral drains which may be hereafter constructed, be and the same is hereby ordered in and along the following described streets, avenues and alleys:

On Grace avenue, from the brick sewer on Fox avenue to Broadway; on Broadway, from Maple avenue to the alley north of Ferguson street; in the alley between Fox avenue and Indiana avenue, from Grace avenue to Anna street; in the alley east of Miner street, from Grace avenue to Ferguson street; on Indiana avenue, from Grace avenue to the alley between Grace avenue and Lincoln avenue, and in the alley between Grace avenue and Lincoln avenue, from Indiana avenue to the alley east of Broadway, and in the alley east of Broadway, from the alley between Grace avenue and Lincoln avenue to Grace avenue; in the alley west of Miner street, from Grace avenue to the alley south of Creighton avenue; in the alley south of Creighton avenue, from the alley east of Broadway to Miner street; in the alley east of Broadway, from Grace avenue to Creighton avenue; in the alley between Phillips street and Ferguson street, from Broadway to the alley west of Miner street; on Maple avenue, from Broadway to Thompson avenue; in the alley between Huestis avenue and Maple avenue, from Broadway to Thompson avenue; on Huestis avenue, from Broadway to the first alley west of Broadway; in the first alley west of Broadway, from Huestis avenue to Scott avenue; in the alley between Scott avenue and Huestis avenue, from the alley west of Broadway to the alley east of Thompson avenue; in the alley east of Thompson avenue, from Scott avenue to Huestis avenue, as follows:

Said sewer shall be a 24-inch vitrified clay pipe sewer from Grace avenue, from the brick sewer on Fox avenue to the center of Indiana avenue; a 20-inch vitrified clay pipe sewer from the center line of Indiana avenue to the center line of Broadway; an 18-inch vitrified clay pipe sewer on Broadway, from Huestis avenue to Grace avenue; a 12-inch vitrified clay pipe sewer in the alley between Fox avenue and Indiana avenue; a 12-inch vitrified clay pipe sewer in the alley east of Miner street; a 12-inch vitrified clay pipe sewer on Indiana avenue, the alley between Grace avenue and Lincoln avenue and the alley east of Broadway; a 12-inch vitrified clay pipe sewer in the alley west of Miner street; a 12-inch vitrified clay pipe sewer in the alley south of Creighton avenue; a 12-inch vitrified clay pipe sewer in the alley east of Broadway; a 15-inch vitrified clay pipe sewer in the alley between Phillips street and Ferguson street; a 15-inch vitrified clay pipe sewer on Broadway and Maple avenue, from Grace avenue to the west line of lot No. 4, Evans' Place; a 12-inch vitrified clay pipe sewer on Maple avenue, from the west line of lot No. 4, Evans' Place, to Thompson avenue; a 12-inch vitrified clay pipe sewer in the alley between Huestis avenue and Maple avenue; a 15-inch vitrified clay pipe sewer on Huestis avenue, to the alley west of Broadway; in the alley west of Broadway to the alley between Scott avenue and Huestis avenue, and in the alley between Scott avenue and Huestis avenue, from the first alley west of Broadway to the second alley west of Broadway; a 12-inch vitrified clay pipe sewer in the alley between Scott avenue and Huestis avenue, from the second alley west of Broadway to the alley east of Thompson avenue; a 12-inch vitrified clay pipe sewer in the alley east of Thompson avenue; a 12-inch vitrified clay pipe sewer in the alley west of Broadway, from the alley south of Scott avenue to Scott avenue, all in accordance with the profile and specifications now on file in the office of the board of public works of said city.

The total cost of said improvement shall be paid by the holders of property beneficially affected thereby in proportion to the benefits received, including not only the property abutting on the line of said sewer, but also all property which may be beneficially affected by the construction of said sewer, which lies within the following described territory in the city of Fort Wayne, county of Allen and state of Indiana, to-wit: All lots and lands lying west of Fox avenue, from Ferguson street to Anna street; north of Anna street, from Fox avenue to Indiana avenue; north of Lincoln avenue, from Indiana avenue to Broadway, and north of Park avenue, from Broadway to Thompson avenue; east of Thompson avenue; east of Thompson avenue and south of Scott avenue, from Thompson avenue to Broadway; south of Creighton avenue, from Broadway to Miner street, and south of Ferguson street, from Miner street to Fox avenue.

All work done in the making of aforementioned main sewer improvement resolution shall be in accordance with the terms and conditions of aforementioned main sewer improvement resolution adopted by the board of public works at a regular meeting, held on the 20th day of April, 1903, at 3 o'clock p. m., and the detailed plans, profiles and specifications which are on file and may be seen in the office of the department of public works of said city.

The board of public works have fixed Thursday, the 7th day of May, 1903, a date on which remonstrances will be heard or considered from persons interested therein or affected thereby, and on said day, at 7:30 o'clock p. m., said board will meet at their office in said city for the purpose of hearing or considering such objections or remonstrances and for the purpose of taking final action thereon.

PETER EGGEMANN,
WILLIAM DOEHRMANN,
H. C. ZOLLINGER,
Board of Public Works.

Attest:

All other goods in our store are being sold at the same reductions.

We have had this sale annually ever since we started in business and the purchasing public have bought liberally during those particular weeks, which the following figures will show. We have given in cash to the three orphan homes in the last six sales—

$792.29

Everybody should trade with us this week, if you don't any other time in the year.

Wolf & Dessauer,

808-810 CALHOUN ST.

YOU CAN BUY

A lot in East Chicago or Indiana Harbor on small monthly payments which you can save from your earnings, and in this way make an investment which will double in value in the near future. For full information call on or write to

E. GREGG DAVIS, General Agent,

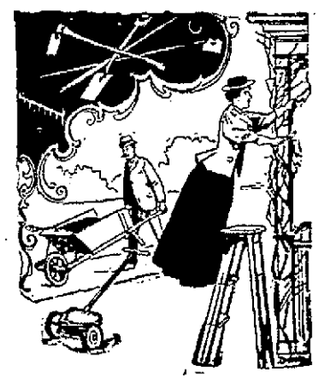
Rooms 17-18 Pixley-Long Block. Home 'Phone 1625.

OFFICE OPEN EVERY EVENING.

If it's a good thing, Seavey's have it

Now, Listen!

The spring season is upon us, and we wish to call your attention to our complete stock of garden tools, such as Wheelbarrows, Hose, Rakes, Spades and Prunning Shears in all sizes, also Sprayers with which to destroy vermin and insects as soon as the buds begin to open. Our assortment of these goods was never more complete, and we are offering same at prices that talk. We will not be undersold.



OUR LIGHTNING SPRAYER, for $1.00 is a rattling bargain. We invite you to call and convince yourself. Other styles of Sprayers at 65c, $1.25, $3.00. Our store is open on Saturdays until 10 p. m.
